Committee attached the following statement of intent:

Statement of Intent
HB 798

The department of social and rehabilitation services currently does not have authority to either operate special programs for physically disabled individuals or license group homes on their behalf. House Bill No. 798 [LC 1294] would grant such authority.

It is intended that this bill would address some of the more necessary needs of severely disabled persons who:

- (1) have a permanent impairment of a physical nature that is diagnosed as such by a physician and substantially limits a major life activity, such as walking, self-care, seeing, hearing, or speaking;
- (2) do not meet the state definition for developmental disability;
- (3) do not meet the eligibility criteria of vocational rehabilitation; and
- (4) do not qualify for medicaid waiver services.

These people represent a wide variety of disability groups, such as people with head or spinal cord injuries, people with a debilitating disease (multiple sclerosis, amyotrophic lateral sclerosis, muscular dystrophy, myasthenia gravis, cancer, etc.), multiply-disabled people, etc. An effort is currently underway to identify such severely physically disabled individuals in addition to the 426 known people that were considered too severe for vocational rehabilitation services in 1984. The fastest growing segment of this group is the head-injured.

Services to this group are the exception rather than the rule, and traditionally have been medical maintenance types of assistance from medicaid, medicare, or medical assistance.

Rules adopted by the department would have to address the problem of personalized service needs of these individuals which usually do not fit an existing structured service model. Based upon some experience with this group, it is presumed that the following types of services would be necessary:

- (1) teaching individuals how to better manage their own personal care and thereby reducing the medicaid costs;
- (2) instructing people in the use of transit systems to reduce the need for therapy and to increase mobility.

The residential or in-home services for the physically disabled population include but are not limited to:

- (1) personal assistance (locating and supervising attendants);
- (2) mobility (exploring transportation modes, evaluation of devices needed for ambulation);

- (3) home management (adaptive techniques or equipment to facilitate independent housekeeping);
- (4) problem solving (problem identification and methods of solution);
- (5) equipment (identification of assistive equipment needs: selection, operation, care, and maintenance);
- (6) sexuality (sexuality and disability, dating, role expectations); and
- (7) other services the department considers appropriate.

In addition to such programmatic rules, it is intended that the department adopt rules for licensing of community homes and in cooperation with other agencies adopt rules to ensure that such homes provide necessary services for the well-being of the individuals in the homes and that their surroundings are safe and healthful. It is intended that the rules providing for such standards recognize the needs of the individual, the resources of home operators, and the goals of this legislation.

Representative Cobb moved that HB 191 have the following statement of intent attached:

Statement of Intent HB 191

A statement of intent is required for this bill because section 3, as added by committee of the whole amendments, requires the department of fish, wildlife, and parks to adopt rules to implement section 1.

It is the intent of the legislature that the department adopt rules implementing section 1 as follows:

(1) define appropriate methods of preventing further property damage caused by wild animals after a complaint is received;

(2) define types of damages to property that shall be paid and paying damages that are only substantial in nature; and

(3) define what amount of hunting is required in the past hunting season by the landowner or person in charge of land before he can have damages paid for. The department shall take into consideration that only a reasonable number of hunters is required on the land or there is a reasonable attempt to permit hunters on the land to hunt that species that later causes the damages to the property.

Renumber: subsequent sections

And, as amended, do pass. Report adopted.

Committee attached the following statement of intent:

Statement of Intent
HB 676

A statement of intent is required for this bill because it delegates rule-making authority to the department of health and environmental sciences (DHES). House Bill 676 adds petroleum products and certain hazardous substances stored in underground tanks as a new category of materials which may be regulated under the Montana Hazardous Waste Act (MHWa).

The DHES has been increasingly involved in the cleanup of ground water problems caused by leaking underground tanks. At the national level, congress amended the federal Resource Conservation and Recovery Act of 1976 (RCRA) in November 1984 to include regulation of underground storage tanks and required the environmental protection agency (EPA) to develop a regulatory program for tanks. Since the DHES now administers the existing RCRA program in Montana, it is likely that the state (through DHES) will want to assume the RCRA program for underground tanks as well. Moreover, in the event that the EPA does not adopt a program adequate for Montana or fails to develop a program in a timely fashion, the DHES should have the authority to establish the state's own program to meet the needs of Montana. House Bill 676 will grant the DHES the authority to assume the EPA tank program to be developed under RCRA or to establish a state program independent of RCRA.

Whether DHES follows the federal RCRA program or develops its own state program, it is the intent of the legislature that administrative rules that DHES may adopt for underground storage tanks need not be equivalent to the comparable federal regulations to be developed by the EPA under RCRA. Rather, in view of the growing number and severity of environmental problems related to underground storage tanks in Montana, the legislature intends to grant DHES the authority to establish a regulatory program for underground tanks whether or not it may include elements more stringent than any federal requirements and whether or not the EPA has established a tank program under RCRA.

The legislature intends that the rules developed by DHES include requirements for:

- (1) the design, construction, and installation of underground tanks in a manner that will prevent tank leakage;
- (2) reporting by tank owners and operators;
- (3) leak prevention and detection;
- (4) corrective actions by tank owners and operators if tank leakage does occur; and
- (5) financial responsibility of tank owners and operators for corrective action and compensation to third parties for damages resulting from release of regulated substances from underground tanks.

SPECIAL ORDERS OF THE DAY

The Speaker asked the Sergeant-at-Arms to escort the Bridger Junior Choir from Bozeman to the well of the House. Under the direction of Janice Rahn-McNair, the junior high students entertained the assembly with a selection of songs.

COMMUNICATIONS AND PETITIONS

Speaker Pro Tem Manuel in the Chair.

Speaker Vincent arose on a privilege of the House, saying that there is mounting pressure for the House to abandon its present time schedule and conform to the schedule of the Senate, which convenes at 3:00 and 4:00 p.m.

He informed the House that it was his plan to stay on the present schedule and sited many statistics to support this plan. Comparing the 13th through 45th days, in the 1985 session the House was in session one day after 6:00 p.m. compared to 23 days after 6:00 p.m. during the 1981 session and even more in the 1983 session.

Overall this session has clocked 32 fewer floor hours than the previous session and staff overtime savings realized already are between \$75,000 and \$100,000.

He stated that he has been unable to convince the Senate to try a similar time schedule. Rather than abandon what he considers a superior approach, he has plans to set a notification network into effect. This will alert a representative immediately prior to his bill being heard in a Senate committee so that time away from floor sessions can be minimized.

He felt that the present schedule has served the House so well in the first half of this session that it should be continued for the second half.

- (4) develop and produce information about this act and programs implemented under it; and
- (5) fund surveys of public awareness and the public's desire to recycle.

The recycling education and promotion advisory council is expected to review the progress of all programs developed by the administering agency and those funded with grants.

Rules to be promulgated and adopted under this act include standards for persons performing contractual work under this act for the department; requirements and guidelines for grant applicants and grant administration; and other rules determined by the department to be necessary for effective administration of the recycling education and promotion program.

REPORTS OF STANDING COMMITTEES

BILLS (Menahan, Chairman):

3/23/85

Correctly printed: HB 224, HB 490, HB 897.

Correctly engrossed: HB 739.

APPROPRIATIONS (Bardanouve, Chairman):

3/23/85

HB 500, introduced bill, be amended as follows:

1. Page 1.

Strike: everything following the enacting clause

Insert: "Section 1. Title. This act may be cited as the "General Appropriations Act of 1985".

Section 2. Definitions. For the purposes of this act, unless otherwise stated, the following definitions apply:

(1) "Agency" means each state office, department, division, board, commission, council, committee, institution, university unit, or other entity or instrumentality of the executive branch, office of the judicial branch, or office of the legislative branch of state government.

(2) "Approving authority" means the Governor or his designated representative for executive branch agencies; the Chief Justice of the Supreme Court for judicial branch agencies; appropriate legislative committees for legislative branch agencies; or the Board of Regents or its designated representative for the university system.

(3) "University system unit" means the board of regents, office of the Commissioner of Higher Education, University of Montana at Missoula, Montana State University at Bozeman, Montana College of Mineral Science and Technology at Butte, Eastern Montana College at Billings, Northern Montana College at Havre, Western Montana College at Dillon, the Agricultural Experiment Station with central offices at Bozeman, the Cooperative Extension Service with central offices at Bozeman, the Forestry and Conservation Experiment Station with central offices at Missoula, or the Bureau of Mines and Geology with central offices at Butte.

Section 3. Other funds to offset general fund. The approving authority shall decrease the general fund appropriation of the agency by the amount of funds received from other sources in excess of the appropriation provided in this act unless such action is expressly contrary to state or federal law, rule, or contract or the approving authority certifies that the services to be funded by the additional funds are significantly different from those for which the agency has received a general fund appropriation.

Section 4. Expenditure limit. Expenditures may not exceed appropriations.

Section 5. Budget requests. Sufficient funds are appropriated in this act to enable each agency to submit its 1989 biennial budget request to the Budget Director and the Legislative Fiscal Analyst pursuant to the time schedule established in section 17-7-112(1), MCA. If any agency fails to submit its final, complete budget request by the deadlines established in section 17-7-112(1), MCA, the expenditure authority granted in this act must be reduced or rescinded by the Budget Director unless the agency director certifies that an emergency situation has precluded a timely budget

presentation and the Budget Director approves an extension not to exceed 30 days.

Section 6. Detailed budget information. Within 2 days after submission of the preliminary executive budget to the Legislative Fiscal Analyst, the Budget Director shall give the Legislative Fiscal Analyst the Governor's preliminary expenditure recommendations by object of expenditure to the second level of detail and by funding source detailed by accounting entity. Within 1 day after the Legislative Finance Committee presents the budget analysis to the 50th Legislature, the Budget Director and the Legislative Fiscal Analyst shall mutually exchange expenditure recommendations by object of expenditure to the second level of detail and by funding sources detailed by accounting entity. This final information must be filed in the respective offices and available to members of the Legislature and the general public.

Section 7. Operating budgets. Expenditures may be made only in accordance with operating budgets approved by the approving authority. The respective appropriations are contingent upon approval of the operating budget by July 1 of each fiscal year. Each operating budget shall include expenditures for each agency program detailed at least by personal services, operating expenses, equipment, benefits and claims, transfers, and local assistance. However, if any agency allocates its appropriations to the second expenditure level in the state accounting system, separate operation plans need not be submitted to the approving authority.

Section 8. Program transfers. The approving authority may approve agency requests for program transfers, within each fiscal year, not to exceed 5% of the total agency budget nor to increase or decrease a program more than 10% unless such a transfer is specifically prohibited by this act or by statute. A request for a transfer accompanied by a justification explaining the reason for the transfer must be submitted by the requesting agency to the approving authority and the Legislative Fiscal Analyst. Upon approval of the transfer, the approving authority shall inform the fiscal analyst of the approved transfer and the justification for the transfer.

Section 9. Reduction of appropriation. In the event of a shortfall in revenue, the Governor may reduce any or all appropriations. No appropriation may be reduced by more than 15%. The following appropriations may not be reduced:

- (1) payment of interest and retirement of state debt;
- (2) the legislative branch;
- (3) the judicial branch;
- (4) school foundation program; or
- (5) salaries of elected officials during their terms of office.

Section 10. Access to records of contracting entities. (1) Unless a contract to provide a service to members of the public on behalf of the state, either written or oral, made with a nonstate entity complies with subsection (2), no money appropriated by this act may be expended for such contract.

(2) Every contract described in subsection (1) must contain a provision to allow access, for legislative audit and fiscal analysis, to the records of the contracting nonstate entity sufficient to determine whether the parties to the contract have complied with the terms of the contract. Such an audit and fiscal analysis requires access to records necessary to carry out the

legislative audit and analysis functions set out in Title 5, chapters 12 and 13.

(3) The state may unilaterally terminate any contract upon refusal by the contracting nonstate entity to allow access to its records necessary to carry out such a legislative audit or analysis.

Section 11. Coal tax trust income. Interest income from the coal tax constitutional trust fund established under Article IX, section 5, of the Montana Constitution is hereby appropriated to the general fund for use during the biennium ending June 30, 1987.

Section 12. Severability. If any section, subsection, sentence, clause, or phrase of this act is for any reason held unconstitutional, such decision does not affect the validity of the remaining portions of this act.

Section 13. Audit costs. Amounts appropriated for audits may be transferred between fiscal years.

Section 14. Totals not appropriations. The totals shown in this act are for informational purposes only and are not appropriations.

Section 15. Appropriations. The following money is appropriated for the respective fiscal years:

The appropriation in item 3a in the Proprietary column is appropriated from the capital projects fund.

The appropriation in item 4a in the Proprietary column includes \$55,356 in fiscal 1986 and \$58,801 in fiscal 1987 from the capital projects fund.

Item 9c may be used only in the event the Investment Bureau moves from its existing facilities to more expensive facilities.

Item 10b is a biennial appropriation to hire consultants for a long-term telecommunications proposal.

Item 19b is a biennial appropriation for the "34 percent cases" and appeals resulting from property reappraisals.

Item 17b is for the purchase of copier pool equipment.

Item 17c is to be used only for hiring one FTE to monitor vendor contracts with the state and to pay all vendor printing claims for the state.

Items 6b, 8b, 16b, and 16c are line item appropriations for each year of the biennium.

If SB 198 passes, item 15 funding in fiscal 1987 will be from the state special revenue fund.

In item 4, the department may charge a maximum of \$2.98 per square foot in fiscal 1986 and \$3.10 per square foot in fiscal 1987. At the end of fiscal 1987, the maximum cash the department may carry over is \$320,000. During the 1987 biennium if utility costs exceed the budgeted amounts, the department may submit a budget amendment to cover the increase in utility costs.

Understanding that education of enforcement personnel and enforcement will be an extremely important need in the success of an energy code enforcement program and the exact needs will not be known until after the administrative hearings process for the energy code adoption is completed, the necessary funding may be added by budget amendment. The budget amendment will be for the purposes of allowing the department to receive and expend federal funds made available for educational and enforcement purposes and the necessary supervisory staff to administer the same. Should the economy improve to the point there is a need for more building standard inspectors, a maximum of three FTEs and operating expenses and equipment for the three FTEs may be added by budget amendment to the Building Codes Division.

Contingent upon passage of SB 242, administrative costs of \$75,204 in fiscal 1986 and \$60,721 in fiscal 1987 are added to the Building Codes Division's (item 7) appropriation in the state special revenue fund.

The department may expend available self-insurance reserves and revenues to pay any deficit that may be incurred for property or liability insurance premiums due and payable through June 30, 1987.

In the event additional federal highway funds become available, additional spending authority and additional FTEs may be requested through budget amendment.

The department shall manage the program with the intent to end the 1987 biennium with approximately a \$10 million cash balance in the highway special revenue account in the state special revenue fund.

Funding may be transferred among all programs, including stores inventory, to reflect personal services expenditures.

The department is appropriated \$32,050,000 in fiscal year 1986 and \$29,600,000 in fiscal year 1987 for a cash transfer for the highway special revenue account to the highway reconstruction trust account.

The Department of Highways is directed to submit to the 1987 Legislature a construction work plan for the 1989 biennium that is detailed by year, project phase, and fund. This work plan must specify, by road system or project area, proposed projects on which \$1 million or more would be spent during the 1989 biennium and an aggregate cost for projects with anticipated expenditures of less than \$1 million. Costs must be detailed by year, fund, and project phase.

The legislature anticipates the department will proceed during the 1987 biennium with the projects and right-of-way acquisitions listed in its revised work plan presented to the legislative subcommittee on general government and highways and spend funds substantially in accordance with the estimated expenditures shown on that work plan. The department shall report to the 1987 Legislature any significant deviation in projects undertaken or funds expended from that work plan. The department will be allowed to adjust appropriations in the construction and preconstruction programs between fiscal years and funding sources to reflect actual expenditures related to the projected work plan.

The internal service program contains \$210,000 in fiscal year 1987 for overhaul of the department's airplane. In the event the repair is not required, the department shall revert this spending authority.

The legislature anticipates that the Maintenance Division will receive, by budget amendment, spending authority for any funds in excess of \$394,098 in fiscal 1986 and \$400,073 in fiscal 1987 that it collects from damage situations.

The department is authorized to transfer \$3,700,000 from the highway special revenue account to the stores program account as contributed capital in fiscal 1986. The department is instructed to develop a pricing structure in the stores inventory program to maintain a cash balance and prepare budgets for the 1989 biennium in accordance with this plan.

State and federal funds appropriated in items 1 through 5 include internal transfers of indirect costs. The amount of indirect costs in excess of \$445,666 in fiscal 1986 and \$443,738 in fiscal 1987 that are recovered shall cause a like reversion of general fund.

Special education funds in item 11 are for foundation and permissive support of the maximum-budget-without-a-vote for special education.

Special education contingency funds in item 12 are for emergencies that may arise in special education programs at local districts. A district's board of trustees may apply for an allocation from these funds by presenting to the superintendent of public instruction, for each child, a child-study team report and an individual education plan relating to this unforeseen expense and a current listing of program, case loads, and related costs. The contingency appropriation is for the biennium, and the specific amounts may be transferred between fiscal years.

Notwithstanding other provisions of law, the superintendent may not approve a maximum-budget-without-a-vote for special education which, in the aggregate, exceeds \$57,813,533 in the 1987 biennium.

Receipt of state funds appropriated to the five vocational-technical centers is contingent upon each county in which the center resides levying 1.5 mills each fiscal year. The Superintendent of Public Instruction may transfer millage collections among centers. Millage received by the centers from the 1.5 mill levy which, in the aggregate, exceeds \$855,233 in fiscal 1986 and \$868,314 in fiscal 1987 will cause a general fund reversion of a like amount each year.

1. The Appropriations Committee Chairman, in presenting the bill, will not be subject to the five minute speaking limitation.

2. Each Appropriation Subcommittee Chairman will fully explain his or her portion of the bill without questions or amendments being offered until the presentation by the chairman is complete. Chairmen will not be subject to the five minute speaking limitation.

3. After the presentation by the subcommittee chairman, the respective section of the bill will be opened for debate, questions, and amendments.

4. Following completion of the debate on each section it will be closed and not be reopened [except] by majority vote.

5. When a member moves to reopen a section for amendment, only the amendment of that member will be entertained. Another member wishing to amend the same section will have to make a separate motion to reopen the section.

6. Debate on the motion to reopen a section is limited to the question of reopening the section. The amendment itself cannot be debated at that time. This does not prohibit the member from explaining the amendment to be considered.

(1) a local payroll tax, which may be a flat rate or a schedule of flat rates levied for specific time periods on employees of licensed businesses or public employers operating within the jurisdiction who are covered under the workers' compensation laws of the state or for whom there must be withholdings for state or federal taxes;

(2) a fee on light motor vehicles which is in addition to the fees required under Title 61, chapter 3, part 5. A local government may impose a fee on light vehicles, as defined in 61-3-531, in an amount not to exceed \$10 per vehicle. Such fees are payable at the same time on the same vehicles as the fees provided for in 61-3-532 and 61-3-533. For the purposes of [this act], the fee provided in this subsection is considered a tax. The distribution of such fees, if not provided for by agreement, will be based upon the registration address of the owner of the motor vehicle.

(3) a tax on the retail sale of goods and services within the jurisdiction, to be a percentage of the retail sales price of the goods or services sold within the jurisdiction. The rate of such a sales tax may not exceed 1% of the sales price. In enacting the authorization for the imposition of a sales tax, the electorate may establish categories of goods and services that are not subject to a sales tax.

(4) a local income tax as a percentage of the state income tax liability on its residents and all other persons earning or receiving income from activities carried out in the municipality or county. The rate of the tax may not exceed 20% of the person's state income tax liability. In addition to other provisions relating to the imposition of a local option tax pursuant to [this act], the following provisions apply to the imposition of a local income tax:

(a) The governing body of a municipality or county imposing an income tax may suspend the collection of the tax for any calendar year only after giving 150 days' notice to the department of revenue. The suspension takes effect the first day of the next calendar year. Suspension of the tax does not impair the authority of the governing body to impose the tax in subsequent calendar years without elector approval.

(b) The local option income tax must be administered by the department of revenue. The department shall adopt rules for the administration of the tax.

(c) Money collected by the department must be accounted for separately and must be credited to a local income tax account in the fiduciary fund of the state treasury.

(d) For the purpose of administration, the department may deduct an amount not to exceed 1% of the amount collected in each jurisdiction.

(e) The department must return the proceeds from the tax to the jurisdiction in which they were collected, except:

- (i) the amount for refunds;
- (ii) a reserve for anticipated refunds; and
- (iii) the costs of administering the tax.

(f) If a county levies a local income tax, the distribution of the proceeds must be made on the basis of income tax collections in each jurisdiction. For this purpose, the county jurisdiction does not include taxpayers residing in municipalities.

(g) Only municipalities in counties that do not impose an income tax may impose a local option income tax. The tax is applicable to residents and other people earning an income within the municipal boundaries.

(h) A taxpayer whose principal place of business or employment is in a jurisdiction with an income tax but who lives outside the boundaries of that jurisdiction is liable for one-half the rate of the income tax."

Committee attached the following statement of intent:

Statement of Intent
HB 804

A statement of intent is required on this bill because rulemaking authority is granted to the department of revenue in section 2.

It is intended that the rules promulgated by the department of revenue would provide maximum compatibility with rules adopted by the department for administering state income taxes. In achieving this goal the department should strive for simplicity for taxpayers, and if burdens are necessary, the department should bear them. In administering the program, the primary objective should be efficiency for both the state and the concerned local governments. It is contemplated that the rules will address reporting forms, payments to local governments, and other procedures necessary for the proper administration of the local income tax.

HB 693, do pass. Report adopted.

Committee attached the following statement of intent:

Statement of Intent
HB 693

A statement of intent is attached to this bill at the request of the sponsor and the house taxation committee because under the provisions of this act the department of revenue must limit the property tax exemption to only bona fide agricultural farmsteads that were identified in the fiscal note.

It is the intent of the legislature that the department of revenue limit the tax exemption for sewage disposal systems and domestic water supply system improvements to the estimated 49,400 farmsteads referred to in the original fiscal note on House Bill 693 and any new farmsteads of the future that meet the same description. Any existing authority of the department of revenue to make rules on the subject of the provisions of this act is extended to the provisions of this act.

MESSAGES FROM THE GOVERNOR

The Honorable John Vincent
Speaker of the House
State Capitol
Helena, Montana 59620

March 29, 1985

Dear Mr. Speaker:

Please be informed that I have signed House bills 2, 8, 21, 86, 89, 215, 245, 256, 257, 272, 274, 288, 300, 302, 334, 339, 345, 351, 360, 365, 371, 373, 380, 387, 406, 414, 431, 464, 467, 468, 470, 478, 482, 484, 561, 564, 566, 581, 588, 600, 618, 653, 685, 729, 732, 746, 748, 800, and 831, on this date.

Sincerely,

Ted Schwinden
Governor

The Honorable Bill Norman
President of the Senate
State Capitol
Helena, Montana 59620

March 29, 1985

The Honorable John Vincent
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Norman and Representative Vincent:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return Senate Bill 79, "AN ACT PROVIDING FOR THE LICENSURE AND REGULATION OF OCCUPATIONAL THERAPISTS AND OCCUPATIONAL THERAPY ASSISTANTS; CREATING A BOARD OF OCCUPATIONAL

THERAPY PRACTICE; PROVIDING FOR THE AUTHORITY OF THE BOARD; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE,” without my signature and recommend the attached amendments to Sections 9 and 21 for the following reasons.

As introduced and passed, Section 9 prohibits a person from practicing occupational therapy or holding himself out as an occupational therapist unless he holds an occupational therapy license. Section 4, however, was amended in the Senate to allow a person to practice occupational therapy without a license as long as that person does not represent himself as an occupational therapist. My first amendment brings Section 9 into conformity with that Senate amendment by deleting from Section 9 the language prohibiting the practice of occupational therapy without a license. The prohibition against an unlicensed individual holding himself out as an occupational therapist is retained.

Although the bill provides for an occupational therapy assistant license, it does not prohibit a person from practicing as an occupational therapy assistant without a license. My second, third, and fourth amendments remedy this omission by inserting that prohibition.

Finally, Senate Bill 79 originally contained an immediate effective date. Although that provision was removed, Section 21, which requires the Governor to appoint the Board of Occupational Therapists within 60 days of passage and approval, was not changed to reflect the deletion of the immediate effective date. My fifth amendment requires appointment of the Board within 60 days of the effective date of the act.

I urge your concurrence in these amendments.

President of the Senate

The Honorable John Vincent
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Norman and Representative Vincent:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return Senate Bill 93, "AN ACT ALLOWING LOCAL GOVERNMENTS TO ESTABLISH REQUIREMENTS FOR HANDICAPPED PERSONS' SPECIAL RESERVED PARKING SPACES; AMENDING SECTION 49-4-302, MCA," without my signature and recommend the attached amendment for the following reason.

As passed, Senate Bill No. 93 requires that a parking space reserved for handicapped persons be at least 13 feet wide if located at the end of a line of angle parking spaces. The sponsors of the bill have informed me that this parking space need not be 13 feet wide in order to provide adequate parking space for handicapped persons. The amendment I am proposing, at the request of the bill's sponsors, will change the width requirement of the end parking space from 13 to 8 feet. This amendment will increase the number of parking spaces available for non-handicapped persons while still assuring that the parking space located at the end accommodates the needs of handicapped persons.

I urge your concurrence in this amendment.

Helena, Montana 59620

Dear Senator Norman and Representative Vincent:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return Senate Bill 165, "AN ACT INCREASING THE CREDIT TRANSACTION DURATION PERIOD FOR CREDIT LIFE AND DISABILITY POLICIES EXEMPT FROM REGULATION; AMENDING SECTION SECTIONS 33-20-1105 AND 33-21-102, MCA; AND PROVIDING AN APPLICABILITY DATE," without my signature and recommend the attached amendment for the following reason:

Section 33-21-102, MCA, currently provides that all credit life and disability insurance policies of more than ten years' duration are exempt from regulation under the Model Act for the Regulation of Credit Life Insurance

and Credit Disability Insurance. As initially introduced, the sole effect of Senate Bill 165 was to raise the 10-year limitation to 15 years. The title accurately reflected the content of the bill.

Senate Bill 165 was amended, however, to delete two provisions from Section 33-20-1105 of the insurance code. The deleted provisions classify insurable debtors and limit debtor group life insurance policies to five years for debts payable in a lump sum. Unfortunately, the title of Senate Bill 165 was not amended to reflect these changes.

My proposed amendment makes the necessary changes in the title. I urge your concurrence in this amendment.

Governor's Proposed Amendments
to SB 165

1. Title, line 4.

Following: "ENTITLED: "AN ACT"

Insert: "GENERALLY REVISING THE LAW REGARDING
DEBTOR GROUP LIFE, CREDIT LIFE, AND CREDIT DISABILITY INSURANCE POLICIES;"

Sincerely,

Ted Schwinden
Governor

HB 219, do not pass.

MESSAGES FROM THE GOVERNOR

The Honorable William J. Norman
President of the Senate
State Capitol
Helena, Montana 59620

April 1, 1985

The Honorable John Vincent
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Norman and Representative Vincent:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return House Bill No. 394, "AN ACT TO ENTITLE PUBLIC EMPLOYEES IN CERTAIN CATEGORIES TO PER DIEM COMPENSATION FOR THEIR SERVICE AS MEMBERS OF QUASI-JUDICIAL AND STATE EDUCATION AND HISTORICAL SOCIETY BOARDS AND; TO INCREASE THE PER DIEM COMPENSATION FOR MEMBERS OF STATE EDUCATION AND HISTORICAL SOCIETY BOARDS FROM \$25 A DAY TO \$50 A DAY; AND TO PROVIDE PER DIEM COMPENSATION FOR MEMBERS OF THE STATE LIBRARY COMMISSION; AMENDING SECTIONS 2-15-124, 2-15-1009, 2-15-1512, 2-15-1706, 19-3-302, 20-2-113, 22-1-101, AND 22-3-105, MCA; AND PROVIDING AN EFFECTIVE DATE", without my signature and recommend the attached amendment for the following reasons:

As passed, House Bill No. 394 allows state and local government employees to receive compensation when serving on state boards. The bill also provides that, in order for these state or local government employees to receive compensation, they must perform their board duties outside their regular working hours or while on annual leave. The purpose of the latter provision is to prevent public employees from being paid for board duties when in fact they are still being paid for their regular employment activities...a purpose that makes good sense.

Two groups of employees are excluded, however, from the provision disallowing double compensation. The first group consists of those employees exempted from the definition of employee contained in 2-18-601, including elected officials, school teachers, university professors and others hired under personal services contracts. The other group of excluded employees are those listed in 2-18-103. Those excluded employees include, among others, department directors, chief and assistant state investment officers, and legislative and judicial employees. Some of these "excluded" employees have entered into personal services contracts or do not have regularly established work schedules; some, however, are not on contract and do have regular work schedules such as department directors and legislative and judicial employees.

One purpose of HB 394 was to pay these "excluded" employees an additional \$50 because it is difficult to determine the regular work schedules or annual leave time of some of these employees. If there is difficulty in determining regular work schedules or annual leave, it should be resolved by the employer at the time of hire. The difficulty should not be resolved in a provision of state law created to compensate private citizens for donating their personal time to serve on state boards.

A clear result of House Bill No. 394 is to encourage "double-dipping". "Excluded" state and local government employees would be entitled to receive their regular pay and the extra \$50 while performing board duties! I do not believe this "double-dipping" is an acceptable public policy. One salary funded by Montana's taxpayers should adequately cover the work of a public employee serving on a state board.

The amendment I am proposing will prevent "double-dipping", while allowing a state or local government employee to receive the extra \$50 if he performs his board duties off regular working hours or while on annual leave.

I urge your concurrence in this amendment.

Governor's Proposed Amendments
to HB 394

HB 473 - Representative Pavlovich moved that HB 473, third reading copy, have the following statement of intent attached:

Statement of Intent
HB 473

A statement of intent is required for this bill because section 7 requires the department of administration to adopt rules implementing sections 1 through 6. The legislature intends the rules to adequately provide for the administration of the point preference provided for in section 3 and the retention preference provided for in section 6, but to include only those rules that are reasonably necessary.

It is the desire of the legislature that the department take all necessary steps in formulating, proposing, and adopting rules to ensure that the public, particularly those persons and organizations that have shown past interest in the employment preference law, is afforded sufficient time and opportunity to participate in the rulemaking procedure. The department should give such notice and hold such hearings as will ensure adequate public participation.

Rules adopted by the department apply to both state and local government employers. In formulating its rules, the department should take this into consideration and adopt rules that can be used and applied by the broad spectrum of public employers.

It is the intent of the legislature that the department formulate and adopt rules relating, but not limited, to the following matters and take into account the following considerations:

(1) Claiming preference — documentation and verification. Rules relating to the job application process should include the manner in which a preference should be claimed when a job is applied for. They should prescribe the means by which the applicant must document and submit evidence of such things as the applicant's status as a veteran, disabled veteran, eligible relative, and United States citizen. It is the intent of the legislature that rules for claiming and documenting a preference do not place unreasonable burdens upon applicants and that once an applicant has substantially complied with the rules a public employer should make every reasonable attempt to verify the existence of the preference.

(2) Military conflicts. The legislature intends the rules to apply federal law to determine what constitutes a campaign or expedition for which a campaign badge is authorized by the congress of the United States or department of defense.

(3) Separations and discharges. The legislature intends the rules to apply federal law and further define separations under honorable conditions and the various types of discharges.

(4) Hiring decision notices and explanations. The legislature intends the rules to provide for the form and content of written notices of hiring decisions, including whether the position was obtained as the result of application of the point preference by the public employer, written requests for explanations of hiring decisions, and written explanations of hiring decisions.

(5) Reopening of selection process. The legislature intends the rules to provide for a method of reopening the selection process for a job should a court order the selection process reopened and include a method of giving notice to those who applied for the job informing them of the reopening and the reason therefor.

(6) Appraisal methods. The legislature intends the rules to assist public employers in developing methods of appraising employee performance for the purpose of applying the retention preference.

Statement of intent passed as follows:

Ayes: Abrams, Addy, Asay, Bachini, Bardanouve, Bergene, Bradley, Brandewie, D. Brown, J. Brown, Campbell, Cobb, Cody, Cohen, Compton, Connelly, Darko, Devlin, Donaldson, Driscoll, Ellerd, Ellison, Eudaily, Fritz, Garcia, Gilbert, Glaser, Gould, Grady, Hammond, Hand, Hannah, Hanson, Harbin, Harp, Harper, Harrington, Hart, Hayne, Holliday, Howe, Iverson, Jenkins, Jones, Kadas, Keenan, Keller, Keyser, Krueger, Lory, McCormick, Manuel, Marks, Menahan, Mercer, Miles, Miller, Montayne, J.K. (2) The Director of the Department of Institutions must certify to the Department of Administration that each of the buildings set forth in subsection (1) is surplus to the needs of the department and

the state by reason of the building's age, deteriorated physical condition, safety considerations, or license deficiencies and has no residual economic or useful life. If the cost of repairing the deficiencies would preclude reasonable restoration and refurbishing efforts, the Director of the Department of Administration may grant an order to proceed with demolition if:

(a) a successful contractor or bidder agrees to demolish or remove the building and reclaim the building site based on the salvage value of the building itself; and

(b) the demolition or removal of the building does not violate the provisions of the state antiquities law, as provided in Title 22, chapter 3, part 4, relative to established heritage properties under state ownership.

(3) The Director of the Department of Administration may permit the Director of the Department of Institutions to use the Prison Industries Program, established in 53-1-301 through 53-1-304, to demolish and remove selected institutional buildings listed in subsection (1). The proceeds from the sale of salvageable material obtained through the demolition process shall be deposited in the prison industries proprietary account. Permission may only be granted after the Office of Budget and Program Planning and the Legislative Finance Committee determine that the proceeds from the sale of salvageable material will support the cost of demolition and removal.

Section 10. Sale of state land at Montana State Prison. Pursuant to the provisions of 77-2-302 requiring that the Board of Land Commissioners consult with an appropriate legislative committee prior to the sale of buildings formerly used by a state institution, the Board is hereby authorized to sell the following properties, if it determines this sale to be in the best interest of the state. Sale proceeds must be deposited in the capital projects fund. The Board is authorized to pay costs of necessary surveys and appraisals and all other costs associated with the sale of land from the proceeds of the sale. The land that may be sold is:

(1) approximately 10 acres of land formerly known as the Bratten Ranch, with approximately 14 structures. This property borders on Main street in the city of Deer Lodge, a Montana Power Company substation, and a Department of Highways garage.

(2) approximately 10 acres of land formerly known as the Valiton Ranch, located 1 mile south of the Deer Lodge city limits. Included on this property are seven outbuildings and a duplex residence.

(3) approximately one-half acre of land and a single-family residence with detached two-car garage. This property is commonly known as the Brickyard property, south of the city of Deer Lodge.

(4) approximately one-half acre of land and a single-family residence with detached garage, located on the prison ranch about 7 miles north of Deer Lodge on the frontage road; and

(5) approximately 5 acres of land commonly known as the Old Brickyard, which is located south of Deer Lodge on the Eastside Road.

Section 11. Property acquisition for agricultural museum at Fort Benton — lease to city of Fort Benton. (1) The appropriation in section 7 for real property acquisition for an agricultural museum at

Fort Benton is for the purchase of real property located in or near the city of Fort Benton to be developed as the Montana Agricultural Center and Museum of the Northern Great Plains.

(2) The Department of Fish, Wildlife, and Parks shall purchase such property and shall lease it to the city of Fort Benton for \$1 a year for as long as the city of Fort Benton provides for development, operation, and maintenance of the facility without cost to the state of Montana.

Section 12. Authorizing inmate labor for construction of prison warehouse. For the purposes of expediting the acquisition and construction of a warehouse building at Montana state prison, authorized in [section 6], the department of institutions may use inmate labor to construct the building and is exempt, for the purposes of completing this project, from the provisions of 53-1-301(7).

Section 13. Section 7, House Bill No. 833, L. 1983, is amended to read:

“Section 7. Appropriation for Mansfield Center for Pacific Affairs. There is appropriated \$1 million from the BPICA to the Department of Commerce to assist in the erection of a memorial in honor of one of Montana’s great citizens, Mike Mansfield. The department shall enter into an agreement with the Maureen and Mike Mansfield Foundation pursuant to which the department shall agree to pay the funds appropriated by this section to the foundation upon the receipt of at least \$6 million by the foundation from other sources. The funds appropriated by this section must be used exclusively for the construction of the Mansfield Center for Pacific Affairs ~~at Polson~~ in Lake County, Montana. By this appropriation, the 48th Legislature indicates that it has determined that the state’s support of the erection of a memorial through the establishment of the Mansfield Center for Pacific Affairs ~~at Polson~~ in Lake County is a lawful public purpose of statewide importance in that it will serve to inspire sentiments of respect for a man of great stature and importance to the state, will generate important economic development of the state by direct employment, attraction of visitors, and establishment of expanded trade opportunities.”

Section 14. Special session reauthorization. The appropriations for capital projects authorized in section 6, House Bill 5, enacted by the 47th Legislature, second special session, are reappropriated through the biennium ending June 30, 1987. The Department of Administration may exempt these projects from any provisions of Montana law relating to the employment of architects, public bidding, bonding, or labor and wage requirements.

Section 15. Planning and design. The Department of Administration may proceed with the planning and design of capital projects prior to the sale of bonds or the receipt of other appropriated funds. The Department may use interaccount loans in accordance with 17-2-107 to pay such planning and design costs incurred prior to the receipt of bond proceeds or other appropriated funds.

Section 16. Capital projects — contingent funds. If any capital project is financed in whole or in part with appropriations contingent upon the receipt of other appropriated funds, the Department of Administration may not let such projects for bid until the agency has submitted a financial plan for approval by the director of the

Department of Administration. No such financial plan may be approved by the director if:

(1) the level of funding provided under the financial plan deviates substantially from the funding levels provided in this act for that project; or

(2) the scope of the project must be substantially altered or revised from the preliminary plans presented for that project in the 1985-87 Long-Range Building Program presented to the 49th Legislature.

Section 17. Legislative consent. The appropriations authorized in sections 1 through 11 and 13 through 19 constitute legislative consent for the capital projects contained in sections 1 through 11 and 13 through 19 within the meaning of 18-2-102.

Section 18. Severability. If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 19. Effective date. This act is effective on passage and approval."

And, as amended, do pass. Report adopted.

Insert: "NEW SECTION. Section 1. Appropriations from the water development state special revenue account. (1) There is appropriated to the Department of Natural Resources and Conservation up to \$196,550 from the water development state special revenue account during the biennium ending June 30, 1987, for grants to private persons for water development projects and activities pursuant to the provisions of Title 85, chapter 1, part 6. This appropriation is from money available in the water development state special revenue account for grants for water development projects and activities under 85-1-604(3)(c) and sections 3 and 4 of this act.

(2) There are appropriated to the Department of Natural Resources and Conservation the interest earnings from the proceeds of water development bonds and renewable resource development bonds issued to finance loans authorized by this act. Interest earnings must be deposited in the water development state special revenue account and the renewable resource development account, respectively.

(3) There are appropriated to the Department of Natural Resources and Conservation all other funds not appropriated under subsection (1) and available for grants to state and local government entities from the water development state special revenue account during the biennium ending June 30, 1987. This appropriation is from money available in the water development state special revenue account and renewable resource development account for grants and from the water development or renewable resource accounts for loans for water development projects and activities under 85-1-604(3)(c) and section 13 of this act. The funds appropriated in this subsection must be awarded by the Department of Natural Resources and Conservation to the following entities for the described purposes and in the described grant amounts, subject to the conditions set forth in

this act. The Legislature, pursuant to 85-1-605, approves the grants listed below, with grants to be made in the order indicated in the following prioritized list of projects and activities. Funds must be awarded up to the amounts approved in this section in order of priority until available funds are expended. Funds not accepted or utilized by higher ranked projects and activities must be provided for projects and activities farther down the priority list that would not otherwise receive funding. If the total expenditure of funds appropriated under this subsection results in a cutoff that ends at a point at which more than one project or activity is ranked equal in priority, the decision regarding which project or projects will receive funding must be made by the Department of Natural Resources and Conservation, with the advice of the water development advisory committee formed pursuant to 2-15-122. Actual rank and score of the various projects and activities are contained within the Department's renewable resource and water development program project evaluations and recommendations report for the 1986-87 biennium.

NEW SECTION. Section 2. Appropriations under the renewable resource development program. (1) There are appropriated to the Department of Natural Resources and Conservation all available funds from the renewable resource development account during the biennium ending July 30, 1987, for projects under the renewable resource development program.

(2) The Department of Natural Resources and Conservation shall award grants to the following entities for the described purposes and in the described amounts. The Legislature, pursuant to 90-2-111,

approves the grants listed below, with grants to be made in order of priority ranking within each renewable resource development category, except renewable resource development grants for water development projects and activities, which must be made with the order of priority listed in section 1. The funds appropriated under this section must be divided among the categories and in the percentages as required by 90-2-113. Funds not accepted or used by higher ranked projects in each category must be provided for projects further down the priority list in each category that would not otherwise receive funding. If the total expenditure of funds appropriated under this section results in a cutoff that ends at a point at which more than one project is ranked equal in priority, the decision regarding which project or projects will receive funding must be made by the Department of Natural Resources and Conservation, with the advice of the water development advisory committee formed pursuant to 2-15-122. If the projects approved in the categories of "timber stand improvement" and "conservation districts, for development of their water reservations" do not use up the total allocations for those categories, as provided in 90-2-113(1)(a) and (1)(d), any excess funds must first be used for the project approved in the category of "other". After the project in "other" is funded, any remaining funds must be used for the projects approved in the category of "improvements on agricultural land". Any projects in the category of "improvements on agricultural land" that are funded by the Montana legacy program under SB 277 or by the Montana mineral legacy program under HB 913 must not be funded under this act. Actual rank and score of the various projects are contained within the Department's renewable resource and water development programs project evaluations and recommendations report for the 1986-87 biennium.

NEW SECTION. Section 3. Opportunity to receive loans for projects that do not receive grants. Sponsors of recommended projects and activities on the prioritized lists in sections 1 and 2 that are not recipients of available grant funds must be offered the opportunity to receive loan funds for up to the total recommended project, subject to the conditions described in this act. The interest rate applicable to these loans must be the rate paid on bonds issued pursuant to this act.

NEW SECTION. Section 4. Approval of loans from bond proceeds and completion of appropriation. (1) The Legislature, pursuant to

85-1-605 and 90-2-107, hereby approves loans to private sponsors approved by the Director of the Department of Natural Resources and Conservation during the 1985-86 biennium and the loans identified and described in section 1 for projects and activities to public entities from water development bond proceeds [and interest earnings on such proceeds deposited in the water development account] and loans from renewable resource development bond proceeds deposited in the renewable resource development account. Bond proceeds may be used for the payment of bond issuance costs. Funds are appropriated for these costs to a maximum of 4% of the amount of each bond sale.

(2) The approval of specific loans completes an appropriation of the coal severance tax proceeds allocated by 15-35-108 to the water development bond account for the purpose of paying, in the manner established by 85-1-619, principal of and interest and redemption premiums on any water development bonds issued to provide the proceeds for the loans to private and public entities approved in section 1, and also an appropriation to the renewable resource debt service fund for the purpose of paying, in the manner established by 90-2-124, principal of and interest and redemption premium on any renewable resource development bonds issued to provide the proceeds for the loans to public entities approved in sections 1 and 2.

NEW SECTION. Section 5. Reauthorization of loans approved by the 1983 Legislature. The 1983 Legislature in House Bill 897 approved loans from the water development bond account for the Antelope water and sewer district in the amount of \$100,000, the Geraldine water district in the amount of \$100,000, the town of Culbertson in the amount of \$100,000, and the town of Hamilton in the amount of \$182,000. Eighty-two thousand dollars of the Hamilton loan was a grant for which revenues were not collected and which was offered and accepted as a loan. Loans for the entities described in this section, from proceeds of the water development program general obligation bond, October 1983, are hereby authorized.

NEW SECTION. Section 6. Coal severance tax bond authorized. (1) The Legislature finds that Title 17, chapter 5, part 7, provides for the issuance of coal severance tax bonds for financing specific approved water resource development projects and activities as part of the state water development program. The Legislature finds that the water development projects in this section meet the provisions of 17-5-702. The Board of Examiners may issue State of Montana coal severance tax bonds in an amount not to exceed \$51,152,528 for the purposes of making loans and financing state projects, establishing a reserve for the bonds, and of paying the costs of issuance. Funds are appropriated for these costs of issuance to a maximum of 4% of the amount of each bond sale.

(2) The Board of Examiners may issue State of Montana coal severance tax bonds for loans to political subdivisions and local government entities not to exceed the loan amount listed for the project.

GROUP A Notwithstanding the conditions set forth in section 14, the interest rate for projects in this group must be four percentage points below the long-term bond rate at which the state bond is sold for the first 7 years of an anticipated 20-year term and must be at the rate at which the state bond is sold for the remaining 13 years.

(3) State of Montana coal severance tax bonds to finance the gravity-fed sprinkler system project for the East Bench irrigation district were authorized by the 1983 Legislature in an amount not to exceed \$3,230,000. The district plans to borrow \$1,250,000, and the district is still expecting to receive confirmation of a federal loan for the remainder. The Legislature reauthorizes the Board of Examiners to issue State of Montana coal severance tax bonds in an amount not to exceed \$1,980,000 if the loan from the U.S. Bureau of Reclamation is not authorized. The loan must carry the interest rate of 3% for the term of the loan, as authorized by the 1983 Legislature. Remaining grant funds approved for this project by the 47th Legislature in House Bill 709 are reappropriated for the project for the biennium ending June 30, 1987.

(4) (a) The Legislature finds that the following state water projects for rehabilitation and repair for which coal severance tax bonds were authorized by the 1983 Legislature in House Bill 885 have not been completed. Further, inflation or additional feasibility studies have precipitated revised cost estimates for some of these projects. The Board of Examiners is authorized to issue State of Montana coal

severance tax bonds for these projects to a maximum amount listed in this section. The state bond rate must be paid on these loans. The list describes both the 1983 authorized amount and a revised amount when appropriate.

(b) Bonds may be issued by the Board of Examiners after the water users for each project have entered into contractual agreements providing for the repayment of the cost of repair and rehabilitation at a rate of interest equal to that which must be paid on bonds issued pursuant to this section. The repayment money from each project is pledged, dedicated, and appropriated to the special debt service bond account established in the state treasury for the benefit of the bonds approved for such projects.

(5) The Legislature finds that the following state hydroelectric projects for which coal severance tax bonds were authorized by the 1983 Legislature in House Bill 885 have not been completed; further, inflation and additional feasibility studies have precipitated revised cost estimates for some of these projects:

(a) The Board of Examiners is authorized to issue State of Montana coal severance tax bonds for these projects up to the amounts listed in this section.

(b) Bonds approved in this section may not be issued by the Board of Examiners until the Board of Natural Resources and Conservation has determined that a project is feasible and has otherwise complied with the requirements of Title 85, chapter 1, part 5, for the development of hydropower at water projects under the control of the Department. The Board of Natural Resources and Conservation and the Board of Examiners must find that on the average, over the life of the project, revenues will be generated to repay a loan at the rate at which the state bond is sold. However, in some years the appropriation of funds from the coal severance tax bond account may be required.

(c) The Board of Examiners may allocate a portion of the bond proceeds for a specific project for the operation and maintenance of the hydropower facility.

(d) The maximum amount of bond proceeds for each project approved in this section must also include all and any relocation, reconstruction, ~~habilitation~~ rehabilitation, or other costs for which the Department is legally liable that affect existing irrigation systems, private lands, utility lines, mines, roads, highways, and railroads which are subsequently affected by the development of a respective hydroelectric project.

(e) The hydropower revenues from each project are pledged, dedicated, and appropriated to a debt service account established in the state treasury for the benefit of bonds approved to finance the project. Revenues in excess of the amount required to meet the debt service requirements may be allocated to the water development special revenue account to operate, maintain, and rehabilitate state-owned projects.

NEW SECTION. Section 7. Appropriation and creation of debt for coal severance tax bonds. (1) The Legislature, through the enactment of this section by a vote of three-fourths of the members of each house of the Legislature as required by Article IX, section 5, of the Montana Constitution, pledges, dedicates, and appropriates from the coal severance tax bond subfund all money necessary for the payment of principal and interest not otherwise provided for on the State of Montana coal severance tax bonds authorized by this act to be issued pursuant to Title 17, chapter 5, part 7, and pursuant to the further provisions of this act.

(2) The Legislature, through the enactment of this section, in accordance with Article VIII, section 8, of the Montana Constitution, authorizes the creation of a state debt in an amount not to exceed \$37,603,000 for the development of the state hydroelectric projects approved in section 6, in an amount not to exceed \$3,840,000 for the rehabilitation of state water projects approved in section 6, and in an amount not to exceed \$47,652,528 for loans to political subdivisions of the state and local government entities for water development projects approved in section 6, all for the issuance of state of Montana coal severance tax bonds authorized by this act.

(3) In connection with the issuance of coal severance tax bonds, the Board of Examiners may pay the principal and interest on the bonds when due from the debt service account and in all other respects manage and use the funds within each special bond account for the benefit of the bonds. The Board of Examiners shall exercise its discretion to enhance the marketability of the bonds and to secure the most advantageous financial arrangements for the state.

(4) Earnings on bond proceeds prior to the completion of any loan must be allocated to the debt service account to pay the debt service on the bonds during this period. Earnings in excess of debt service, if any, must be allocated to the water development state special revenue account and may be used for the purposes allowed under 85-1-604(3)(b).

(5) Notwithstanding provisions in section 6(5)(e), loan repayments from loans financed with State of Montana coal severance tax bonds, loan principal, interest, and bond issuance fees borrowed from bond proceeds are pledged, dedicated, and appropriated to the debt service

account in the state treasury for the benefit of bonds approved for loans under this section. Repayment, both principal and interest, of administrative fees borrowed from bond proceeds must be made to the water development state special revenue account created in 85-1-604 to be reused for the administration of the water development loan and grant program.

NEW SECTION. Section 8. Projects not completing requirements — loans reauthorized. The Legislature finds that the following water development projects for which coal severance tax bonds were authorized to be issued by the 1983 Legislature in House Bill 885 might not complete the requirements necessary for the loan transaction prior to June 30, 1985. State of Montana, Coal Severance Tax Bonds, 1984 Series A, were sold in August 1984 to finance these loans. Loans from the proceeds of the State of Montana, Coal Severance Tax Bonds, 1984 Series A, for the projects described in this section are reauthorized in the amounts listed at the interest rates authorized by the 1983 Legislature in House Bill 885 and described in this section to enable financing during the 1986-87 biennium, if necessary.

NEW SECTION. Section 9. Reallocation of resource indemnity trust account interest income. Except for special departmental appropriation and notwithstanding any provisions of 85-1-604 to the

contrary, all remaining interest income allocated to the water development state special revenue account from the resource indemnity trust fund by 15-38-202(2) during the biennium ending June 30, 1987, may be used only for the purposes set out in 85-1-604(3)(c).

NEW SECTION. Section 10. Emergency grants. There is appropriated to the Department of Natural Resources and Conservation up to \$125,000 from the water development state special revenue account to be used for emergency projects pursuant to Senate Bill 283. If these funds are not needed for emergencies, they may be used for grants approved in section 1 of this act.

NEW SECTION. Section 11. Conditions of loans and grants. Disbursement of funds under this act for both loans and grants is subject to the following conditions, which must be met by project sponsors:

- (1) approval of a scope of work and budget for the project by the Department; reductions in a scope of work or budget must not affect priority activities or improvements;
- (2) other funds required for project completion have been committed and the commitment is documented;
- (3) satisfactory completion of conditions described in the recommendation section of the project narrative in the renewable resource and water development program project evaluations and recommendations report for the 1986-87 biennium or, in the case of emergency applications, conditions specified at the time of written notification of approved loan authority;
- (4) execution of a loan or grant agreement with the Department of Natural Resources and Conservation; and
- (5) other specific requirements are accomplished as considered necessary by the Department of Natural Resources and Conservation to accomplish the purpose of the loan or grant as evidenced from the application to the Department of Natural Resources and Conservation or the proposal to the Legislature.

NEW SECTION. Section 12. Conditions for grants. Notwithstanding the conditions described in section 1, grant funds are disbursed in the order of priority listed in section 1 as coal tax revenues are received. No project approved by this act is entitled to receive grant funds not collected and allocated to the water development state special revenue account or the renewable resource development account.

NEW SECTION. Section 13. Conditions for loans. Each sponsor authorized for a loan from water development bond proceeds, renewable resource development bond proceeds, or coal severance tax bond proceeds may be required to pay to the Department of Natural Resources and Conservation a pro rata share of the bond issuance costs and the administrative costs incurred by the Department to complete the loan transaction.

NEW SECTION. Section 14. Interest rates on loans. Loans made from proceeds of State of Montana coal severance tax bonds must be at interest rates specified in section 6, except that when loan requests are reduced, interest rates must be recalculated based on the methodology described in the renewable resource and water development program project evaluations and recommendations report for the 1986-87 biennium. If the bonds or notes bear interest at an

adjustable rate, the Department shall establish, at the time of the sale of the bond, an assured rate of interest thereon as if the bonds bore interest at a fixed rate. The assured rate of interest so established must be the rate of interest on the bonds for the purpose of calculating the interest rates on the loans pursuant to section 6.

NEW SECTION. Section 15. Private and discount purchase of loans. Loans to local government entities and political subdivisions and bonds, warrants, and notes issued in evidence thereof may be made and purchased by and sold to the Department at a discount and at private negotiated sale, notwithstanding the provisions of any other law applicable to such local government entities or political subdivisions.

Section 16. Section 90-2-107, MCA, is amended to read:

"90-2-107. State and local renewable resource development loans.

(1) The department of natural resources and conservation may recommend to the governor that loans be made from the renewable resource development account established by this part to any department, agency, board, commission, or other division of state government or to any city, county, or other political subdivision or local government body of the state.

(2) The department shall solicit and consider in its evaluation of proposed projects the views of interested and affected departments, boards, agencies, and other subdivisions of state and federal government and of other interested and affected persons.

(3) The governor shall submit those loan proposals having his approval to the legislature by the 20th day of January 1 of the year of any regular legislative session. Those loan proposals approved by the legislature shall be administered by the department.

(4) The provisions of 90-2-104, 90-2-108, 90-2-109, and 90-2-128 shall govern and apply to the local renewable resource loans herein provided for.

(5) Both the loans provided for by this section and the grants provided for by 90-2-111 may be submitted to the governor and approved by the legislature as may be necessary to jointly finance any project."

NEW SECTION. Section 17. Coordination instruction. (1) If Senate Bill No. 283 is not passed and approved, including its provisions authorizing the deposit of interest earned on water development bond proceeds and renewable resource development bond proceeds in the water development state special revenue account and the renewable resource development account, respectively, section 1(2) and the bracketed material in section 4 are void.

(2) If Senate Bill No. 283 is not passed and approved, including its provisions authorizing the department to use for emergency grants, pursuant to 85-1-605, up to 10% of the funds available for grants from the water development state special revenue account, section 10 is void.

NEW SECTION. Section 18. Severability. If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

NEW SECTION. Section 19. Effective date. This act is effective on passage and approval."

And, as amended, do pass. Report adopted.

HJR 50, do pass. Report adopted.

MESSAGES FROM THE GOVERNOR

The Honorable John Vincent

April 10, 1985

Speaker of the House

State Capitol

Helena, Montana 59620

Dear Mr. Speaker:

Please be informed that I have signed House bills 155, 186, 187, 263, 282, 683, 764, and 884 on this date.

Sincerely,

Ted Schwinden
Governor

The Honorable Bill Norman

April 10, 1985

President of the Senate

State Capitol

Helena, Montana 59620

The Honorable John Vincent

Speaker of the House

State Capitol

Helena, Montana 59620

Dear Senator Norman and Representative Vincent:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby veto Senate Bill No. 205, "AN ACT CLARIFYING THE COMPENSATION OF COAL BOARD MEMBERS; AMENDING SECTION 90-6-204, MCA; AND PROVIDING A RETROACTIVE APPLICABILITY DATE AND AN IMMEDIATE EFFECTIVE DATE."

As passed, Senate Bill No. 205 provides that each member of the coal board is entitled to be paid \$50 for each day in which he performs board duties. The effect of this bill is to allow coal board members who are local and state government employees to receive the \$50 whether or not they are receiving their regular pay. The clear result of Senate Bill No. 205 is to allow "double-dipping".

The provision which applies the act retroactively (section 3) results in allowing public employees to "double-dip" back to June 30, 1984 — a purpose which makes the whole idea even more unacceptable. When a person

accepts a board appointment he understands his responsibilities and knows the amount of compensation to which he'll be entitled. Reaching into the taxpayers' pocket for services rendered in the past is unacceptable public policy.

Without this bill, members of the coal board will receive the same compensation under 2-15-124(7) as members of other state boards. Senate Bill No. 205 is not in the public interest nor does it serve the best interest of public employees.

For the above reasons, I hereby veto Senate Bill No. 205.

Sincerely,

Ted Schwinden
Governor

ANNOUNCEMENTS

Committee meetings were announced by committee chairmen.

The Governor has proclaimed April 11, 1985, as Fort Union Day in Montana. A model of the Fort will be set up in the Capitol rotunda for public display throughout the day. A short slide presentation will also be in the rotunda during the day. Legislators are invited to have their pictures taken with "Buckskinners" dressed in clothing from the period when Fort Union rang with the smart sound of a soldier's salute; when dawn was greeted by a sentry's cry of Indians on the horizon; when rich leather and horses' sweat was the eau d'cologne that a real man wore; when winter was frigid, spring meant mud, and summer was dust up your nose. Those were the days!

Representative Harper moved that the House adjourn until 1:30 p.m., April 11, 1985.

Motion carried.

House adjourned at 7:00 p.m.

SEVENTY-EIGHTH LEGISLATIVE DAY

Helena, Montana
April 11, 1985

House Chambers
State Capitol

House convened at 1:30 p.m., Mr. Speaker in the Chair. Invocation by Sister Pat Sullivan. Pledge of Allegiance to the Flag.

Roll call. All members present except Addy, Hansen, Harper, Ramirez, Thomas, excused. Quorum present.

Mr. Speaker: We, your Committee on Legislative Administration/Bills and Journal, having examined the daily journal for the seventy-seventh legislative day, find the same to be correct.

Menahan, Chairman

SPECIAL ORDERS OF THE DAY

Representative Ellerd introduced Larry Peabody, World Champion Bronco Rider, and his parents, and read SJR 4 in his honor.

The Sergeant-at-Arms reluctantly allowed a boisterous band of alleged basketball players into the chamber, carrying placards with such sayings as: "Senate - #1 - always have been; always will be!" They were quite puffed up from having won the annual House-Senate basketball game 51-50. They were greeted with boos and catcalls from the assembly, a good number of whom got up and walked out due to the lack of decorum displayed by the other House. Senator Fuller presented the assembly with the book "THE BREAKS OF THE GAME".

When a group of Mountain Men from Fort Union arrived to restore order, Representatives Gilbert and Poff read the following resolution:

WHEREAS, Fort Union's presence beginning in 1828 near the junction of the Missouri and Yellowstone Rivers guaranteed the 49th parallel as the northern boundary of the United States; and

WHEREAS, the Missouri River served as the Oregon Trail of the North with the first steamboat on the Upper Missouri River arriving at Fort Union in June 1832; and

WHEREAS, Fort Union was the finest and most imposing fur trading post in the West and is the only fur trading post in the West which can fully and correctly interpret the Western American fur trade; and

WHEREAS, the existence of Fort Union opened the land drained by the Missouri and Yellowstone Rivers; and

WHEREAS, Fort Union became a mecca for internationally famous artists, explorers, scientists, and European royalty; and

WHEREAS, the National Park Service is planning to reconstruct Fort Union; and

WHEREAS, the reconstruction of Fort Union has the active support of the United States Senator John Melcher, United States Senator Max Baucus, and United States Representative Ron Marlenee.

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That Fort Union is important to the history of the people of Montana; and

BE IT FURTHER RESOLVED, that the Montana House of Representatives supports continued public and private efforts to reconstruct Fort Union; and

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to each Member of the Montana Congressional Delegation and the United States Secretary of the Interior.

SPECIAL ORDERS OF THE DAY

HOUSE MEMORIAL SERVICE

APRIL 14, 1985

The organ prelude was played by Ernie Neath, followed by the invocation by Father Noonan.

Senator Max Conover sang "How Great Thou Art".

Senator Allen Kolstad gave the following honorary tribute:

Today we come together to observe a solemn tradition of the Montana Legislature.

The Legislature of Montana is many things. It is the setting for debate, discussion, controversy and also compromise. From within its twin chambers emerges a reflection of the hopes, dreams and aspirations of the citizens of our state, but foremost the Legislature is an assembly of men and women who have volunteered to serve. These emissaries of the public trace their roots to all parts of this great state and as elected stewards of the public interest, they are summoned to Helena every two years.

Who are these people who offer themselves in public service? They are men and women from all 56 counties and from every vocational endeavor. After taking on the mantle of a legislator, they must, for a significant number of days, lay aside their everyday responsibilities, be they in agriculture, business, the professions or a dozen different callings.

They may serve but a single term or a score of years but out of their tenure in the legislature develops a camaraderie that is unique among those with whom this duty has been shared.

They who have served, and we who carry on, would make no special claim as to our wisdom, judgment, foresight or compassion, but as legislators, all of us have walked together along a common path. Each of us has known the challenges and joys as well as the elations and frustrations, and each of us has known those nostalgic moments when time permits us to reflect on how fortunate we are to have been chosen for this enriching experience.

Serving in the Legislature certainly presents an opportunity to become associated with a quality group of people that becomes far more than a mere acquaintanceship. It is a composite of respect, affection and fellowship that can only come from having been there, and having met the test together.

It is, therefore, fitting and proper that each general session of the Legislature provides the opportunity to offer a final salute and memorial tribute to those valued friends and colleagues who have passed from this life since we last convened, and that the families and friends of those whom we honor be invited to attend these special proceedings.

Those we honor today represent not only dedicated public servants, but personal friends with whom we shared so much. At this time we extend to their families and loved ones who are with us today our condolences and deep respect.

Thank you for coming and thank you also for allowing us to convey our most sincere sentiments about that special person in your life whose passing has brought us together today. Thanks again.

"My Tribute" was sung by Michele Larson, Miss Montana 1985.

The memorials were presented. Following each presentation Representatives Holliday and Howe lit a candle.

IN MEMORIAM - LLOYD BARNARD

MESSAGES FROM THE GOVERNOR

The Honorable William J. Norman
President of the Senate
State Capitol
Helena, Montana 59620

April 15, 1985

The Honorable John Vincent
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Norman and Representative Vincent:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return Senate Bill No. 325, "AN ACT ESTABLISHING A PERMISSIVE STATEWIDE EMERGENCY TELEPHONE SYSTEM; PROVIDING FOR A STATE PLAN; PROVIDING FOR TELEPHONE INDUSTRY COORDINATION; PROVIDING FOR COIN TELEPHONE CONVERSION; PROVIDING FOR FUNDING OF THE SYSTEM BY LEVYING A TELEPHONE FEE; AMENDING SECTION 35-18-503, MCA; AND PROVIDING AN EFFECTIVE DATE DATES."

Senate Bill No. 325, provides for the establishment of a statewide emergency telephone system. The bill was amended in the House to extend the effective date of the act from July 1, 1985 to July 1, 1987 unless a provider voluntarily complies with the provisions of the act. As amended, the bill results in a confusing and inequitable implementation.

The amendments I am proposing eliminate the confusion and inequity surrounding the implementation of Senate Bill No. 325 and respond to the legitimate needs of some providers to have a reasonable period of time in which to educate the consumers before the effective date of the bill. The amendments delay the effective date of the act until January 1, 1987, except for purposes of agency rulemaking. These amendments will allow for a uniform implementation of the 25¢ monthly fee in addition to providing an adequate educational period.

I urge your concurrence in these amendments.

Governor's Proposed Amendments
to SB 325

Following: "on"

Sincerely,

Ted Schwinden
Governor

The Honorable John Vincent

The Honorable John Vincent
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Norman and Representative Vincent:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return House Bill No. 114, "AN ACT TO GENERALLY REVISE AND CLARIFY THE LAWS RELATING TO SWIMMING POOLS AND BATHING PLACES; CLARIFYING THAT THE DEPARTMENT OF HEALTH AND ENVIRONMENTAL SCIENCES MAY SET SAFETY STANDARDS FOR PUBLIC SWIMMING POOLS AND BATHING PLACES; AMENDING SECTIONS 50-53-101 THROUGH 50-53-103 AND 50-53-108, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE," without my signature and recommend the attached amendment for the following reason.

As passed, House Bill No. 114, which generally clarifies the laws relating to swimming pools, provides that any rule relating to the design and construction of buildings or installation of equipment therein is effective only when the rule has been adopted by the Department of Administration as part of the state building code. This reference to the building code as being adopted by the Department of Administration conflicts with Senate Bill No. 242, passed this session and signed by me into law on April 4, 1985. Senate Bill No. 242 transfers all functions relating to the state building codes from the Department of Administration to the Department of Commerce.

The amendment I am proposing simply conforms the language of House Bill No. 114 to Senate Bill No. 242 by changing the reference from the Department of Administration to the Department of Commerce.

I urge your concurrence in this amendment.

The Honorable John Vincent
Speaker of the House

State Capitol
Helena, Montana 59620

Dear Senator Norman and Representative Vincent:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return Senate Bill No. 28, "AN ACT PROVIDING FOR A 2-YEAR EXTENSION OF THE EXISTENCE OF THE RESERVED WATER RIGHTS COMPACT COMMISSION; PROVIDING FOR FEDERAL APPROVAL OF A COMPACT ONLY IF LEGALLY NECESSARY; LIMITING THE OBJECTIONS THAT MAY BE MADE TO A COMPACT IN THE WATER COURTS; REQUIRING THAT THE TERMS OF A COMPACT SET FORTH IN A PRELIMINARY DECREE BE REPRODUCED UNCHANGED PROVIDING AN ALTERNATE STATEMENT OF CLAIM FOR RESERVED RIGHTS NOT YET PUT TO USE; SPECIFYING THE INFORMATION RELATING TO RESERVED RIGHTS TO BE INCLUDED; IN THE FINAL DECREE; EXTENDING FROM 60 DAYS TO 6 MONTHS THE TIME PERIOD FOR FILING IN THE WATER COURT CLAIMS UNRESOLVED BY THE COMPACT COMMISSION; REQUIRING THE COMMISSION TO MAKE STATUS REPORTS TO THE WATER JUDGE; AMENDING SECTIONS 85-2-217, 85-2-224, 85-2-231, 85-2-233, 85-2-234, AND 85-2-702, AND 85-2-704, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE," without my signature and recommend the attached amendments for the following reasons.

The primary purpose of Senate Bill No. 28 is to provide a two-year extension of the Montana Reserved Water Rights Compact Commission. As originally proposed, the bill also clarified the process by which negotiated compacts would be incorporated into the ongoing general stream adjudication. Senate Bill No. 28 was further amended in both the Senate and the House.

Testimony in support of this legislation was offered by the Compact Commission, the Attorney General of the State of Montana, and a number of Montana Tribes. I have been informed by the Chairman of the Compact Commission, however, that the United States Department of Justice has since voiced concerns to certain of the amendments and, on that basis, is withholding approval of the proposed Fort Peck-Montana Compact which is now before the Legislature for consideration.

The authority of the Department of Justice to approve the negotiated compact is based on its authority to settle the pending federal lawsuits and adjudications in the State Water Court. Because the amendments to Senate Bill No. 28 provide procedures for compacts that are different from those that may be followed for other claims filed in the Water Court, the Department of Justice is uncertain about its authority to approve the compact. If the Department of Justice declines to approve the compact, Congressional ratification would be required before the compact could become effective.

The Compact Commission is currently negotiating with six other Montana Tribes and three federal agencies. The process of Congressional ratification for one compact, let alone ten or eleven, would undoubtedly delay the resolution of these issues and the general adjudication of water rights in the state.

The amendments I am proposing eliminate the objections of the United States Department of Justice to the approval of the Fort Peck-Montana Compact, without limiting the legal arguments available to the State to protect the integrity of the compact process at the appropriate time.

I urge your concurrence in these amendments.

The Honorable John Vincent
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Norman and Representative Vincent:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return House Bill No.

497, "AN ACT TO REMOVE THE REQUIREMENT THAT THE APPROVAL AGENTS FOR A HIGH SCHOOL TUITION APPLICATION MUST APPROVE SUCH AN APPLICATION WHEN A CHILD LIVES CLOSER TO A HIGH SCHOOL OF ANOTHER DISTRICT THAN TO ANY HIGH SCHOOL WITHIN THE CHILD'S RESIDENT DISTRICT; TO PROVIDE THAT THE APPROVAL AGENTS ARE NOT REQUIRED TO APPROVE A TUITION APPLICATION IF THE RESIDENT DISTRICT PROVIDES TRANSPORTATION UNLESS CERTAIN CONDITIONS EXIST; AMENDING SECTIONS 20-5-311, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE," without my signature and recommend the attached amendments for the following reasons.

As amended, House Bill No. 497 duplicates language contained in House Bill No. 608 concerning the approval of tuition applications for children required to attend high school outside the district of residence as a result of a court order.

House Bill No. 497 establishes that the tuition approval agents are not required to approve a tuition application for a student seeking to attend high school outside his resident district if the resident district provides transportation. This exception, however, does not apply when the child has been declared by a court to be an abused, neglected, or dependent child or a delinquent youth and has been ordered to be placed in a licensed care institution outside the district of residence.

House Bill No. 608 states that the approval agents shall approve a tuition application when the child is required to attend high school outside the district of residence as a result of an order of a court of competent jurisdiction.

Because the language contained in House Bill No. 497 is more restrictive than the language contained in House Bill No. 608, there is a possibility of confusion in attempting to interpret House Bill No. 497 and House Bill No. 608, which both amend 20-5-311, MCA. The language contained in House Bill No. 608 clearly requires the approval agents to approve a tuition application for children who are placed out of their district of residence pursuant to court order. Because the language contained in House Bill No. 608 is more straightforward, it is preferred over the more restrictive language contained in House Bill No. 497. The sponsor of House Bill No. 497, Representative Francis Koehnke, has therefore requested that I return the bill with a proposed amendment eliminating from House Bill No. 497 the paragraph dealing with changes in school district resulting from a court order.

My proposed amendment would make the proposed change without affecting the other provisions of the bill.

I urge you concurrence in these amendments.

April 17, 1985

The Honorable John Vincent
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Norman and Representative Vincent:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return Senate Bill No. 392, "AN ACT TO AUTHORIZE IMPOSITION OF THE DEATH PENALTY FOR INMATES OF THE STATE PRISON WHO HAVE BEEN DETERMINED TO BE PERSISTENT FELONY OFFENDERS OR HAVE BEEN CONVICTED OF DELIBERATE HOMICIDE AND WHO COMMIT CERTAIN ENUMERATED CRIMES WHILE INCARCERATED OR LIFE IMPRISONMENT FOR PERSONS INCARCERATED IN THE STATE PRISON WHO COMMIT CERTAIN ENUMERATED CRIMES WHILE INCARCERATED AND HAVE BEEN PREVIOUSLY DETERMINED TO BE PERSISTENT FELONY OFFENDERS OR HAVE BEEN PREVIOUSLY CONVICTED OF DELIBERATE HOMICIDE; AMENDING SECTION 46-18-303, MCA," without my signature and recommend the attached amendments for the following reasons.

As passed, Senate Bill No. 392 provides that a person serving a sentence of imprisonment in the state prison who was convicted of deliberate homicide, or determined to be a persistent felony offender, could be sentenced to death for committing certain crimes against guards or other prisoners. Those crimes subjecting the prisoner to the death penalty include attempted deliberate homicide, aggravated assault, or aggravated kidnapping. Death to the victim is not a prerequisite to the imposition of the death penalty.

In other words, if a person is incarcerated in the state prison because of committing a second felony, (such as two convictions for issuing bad checks as part of a common scheme), and he is found guilty of committing attempted deliberate homicide, aggravated assault or kidnapping, he can be sentenced to death.

Certain aspects of Senate Bill No. 392 raise serious questions of unconstitutionality. The imposition of the death penalty in the situations described, may constitute cruel and unusual punishment under the United States Constitution and the Constitution of the State of Montana, and may also deny equal protection. In Coker v. Georgia, 97 S. Ct. 2861 (1977), the United States Supreme Court held that "a sentence of death is grossly disproportionate and excessive punishment" for a crime where the victim did not die and is therefore forbidden by the Eighth Amendment as cruel and unusual punishment.

By not requiring death of the victim before the death penalty can be imposed, this bill takes us one step beyond the ancient Hammurabic Code which only requires an eye for an eye....

Even social undesirables — "losers" — are entitled to those basic constitutional rights guaranteed in America. It is only when the rights of these

outcasts are protected that the rights of the law-abiding remain safe. Acceptance of any lesser standard would make us all vulnerable to tyranny.

The amendments I am proposing prevent the death penalty from being imposed when the commission of the specified crime does not result in the death of the victim but still allow the imposition of a sentence of life imprisonment.

I urge your concurrence in these amendments.

MESSAGES FROM THE GOVERNOR

The Honorable John Vincent
Speaker of the House
State Capitol
Helena, Montana 59620

April 18, 1985

Dear Mr. Speaker:

Please be informed that I have signed House bills 293, 310, 389, 423, 424, 439, 441, 462, 483, 489, 517, 541, 577, 602, 639, 649, 743, 837, 853, and 871 on this date.

Sincerely,

Ted Schwinden
Governor

The Honorable Bill Norman
President of the Senate
State Capitol
Helena, Montana 59620

April 18, 1985

The Honorable John Vincent
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Norman and Representative Vincent:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return House Bill No. 891, "AN ACT TO GENERALLY REVISE THE LAWS PERTAINING TO EMINENT DOMAIN; AMENDING SECTIONS 70-30-110, 70-30-203, 70-30-207, AND 70-30-322, MCA," without my signature and recommend the attached amendment for the following reasons.

Section 1 of House Bill No. 891 amends 70-30-110, MCA, which presently allows the state or its agents to enter and survey a person's land for

the purposes of surveying and examining its suitability for taking by eminent domain. At the present time, 70-30-110, MCA, does not require that notice be given to the landowner. Section 1 of this bill requires that a 30 day written notice be given, not only to the landowner, but also to "persons in possession of the land."

The state or its agents can readily determine who the owner of the land is by examining courthouse records. If, however, the land is leased, rented or a license given to someone to use it, the task of notification could be exceedingly difficult.

The amendment I am proposing provides a method whereby the names and addresses of "persons in possession of the land" can be determined for purposes of notification by the state.

I urge your concurrence in this amendment.

Governor's Proposed Amendments
to HB 891

1. Page 2, line 1.

Following: "malice."

The state or its agents shall within 14 days from receipt of such information furnish written notice to such persons."

Sincerely,

Ted Schwinden
Governor

MESSAGES FROM THE GOVERNOR

The Honorable John Vincent
Speaker of the House
State Capitol
Helena, Montana 59620

April 19, 1985

Dear Mr. Speaker:

Please be informed that I have signed House bills 160, 265, 317, 341, 346, 358, 412, 440, 443, 454, 522, 523, 571, 601, 611, 673, 680, 711, 763, 778, 864, and 889 on this date.

Sincerely,

Ted Schwinden
Governor

The Honorable William J. Norman
President of the Senate
State Capitol
Helena, Montana 59620

April 19, 1985

The Honorable John Vincent
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Norman and Representative Vincent:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return House Bill No. 550, "AN ACT TO ALLOW STATE EMPLOYEES TO POOL A PORTION OF THEIR COMPENSATED SICK LEAVE IN A FUND AND TO DRAW UPON THE FUND IF ABSENCE DUE TO EXTENSIVE ILLNESS OR AN ACCIDENT EXHAUSTS THEIR SICK LEAVE; CREATING A STATE EMPLOYEE SICK LEAVE ADVISORY COUNCIL; AMENDING SECTION 2-18-618, MCA; AND PROVIDING A TERMINATION DATE," without my signature and recommend the attached amendments for the following reason.

As passed, House Bill No. 550 establishes a nonrefundable sick leave fund for state employees. The bill directs the Department of Administration to adopt rules implementing the program in consultation with the state employee sick leave advisory council.

The bill requires that council appointees be state employees who are "contributing" members to the sick leave fund. There can be no "contributing" members, however, until the rules are adopted by the department.

In order to guarantee employee input into the development of the rules, the amendments I am proposing require that the employees appointed to the council demonstrate interest in development of the sick leave fund rather than be contributing members.

I urge your concurrence in these amendments.

The Honorable John Vincent
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Norman and Representative Vincent:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return House Bill No. 567, "AN ACT REQUIRING LIFE AND DISABILITY INSURANCE COMPANIES TO SEND WRITTEN CANCELLATION NOTICES BEFORE CANCELING POLICIES FOR NONPAYMENT OF PREMIUMS," without my signature and recommend the attached amendments for the following reason.

The primary purpose of House Bill No. 567 is to provide notice of cancellation to life and disability insurance consumers. As amended, the bill does not require notice to be sent to the consumer's most current address available to the company. The named insured is not always the person paying the premium and in such instances, the policyowner should receive notification as well.

House Bill No. 567 establishes a period of 30 days before cancellation of the policy becomes effective. Since there is already a statutory grace period for premium payment established for both life and disability policies, the notification period and the existing grace period should run concurrently.

Since House Bill No. 567 is a consumer-oriented bill, the exclusion for premiums billed to and payable through an employer is also being stricken. Most such premium payments would already be excluded by Sections 2 and 4. Removal of the exclusion will provide some measure of protection to those individuals whose premiums are paid through their employer on a quarterly or annual basis.

My proposed amendments strengthen the consumer protection aspects of the bill in addition to facilitating the notification procedures.

I urge your concurrence in these amendments.

President of the Senate

April 19, 1985

The Honorable John Vincent
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Norman and Representative Vincent:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return House Bill No. 798, "AN ACT TO AUTHORIZE THE DEPARTMENT OF SOCIAL AND REHABILITATION SERVICES TO OPERATE COMMUNITY

PROGRAMS FOR PHYSICALLY DISABLED PERSONS; TO AUTHORIZE THE DEPARTMENT TO LICENSE COMMUNITY HOMES FOR THE PHYSICALLY DISABLED; AND TO PROVIDE FOR STANDARDS FOR PROGRAMS, ADMINISTRATION, HEALTH, AND SAFETY FOR SUCH SERVICES AND COMMUNITY HOMES; AND AMENDING SECTION 50-5-101, MCA," without my signature and recommend the attached amendment for the following reasons.

As passed House Bill No. 798 authorizes the Department of Social and Rehabilitation Services to administer a program of services for persons who are physically disabled and to license the group homes providing residential services to recipients of those state sponsored services. This bill was introduced at the request of the Department of Social and Rehabilitation Services for the purpose of establishing statutory authority for the development of the program.

The program was designed to be administered within available funding. The bill was amended to limit development of the program to the extent that federal funds were made available. That limitation precludes the use of state or other funds for the program. Current budgetary action by the Legislature may result in state funds being provided for the program.

The amendment I am proposing will allow the expenditure of state funds appropriated by the Legislature for this program.

I urge your concurrence in this amendment.

Governor's Proposed Amendments

The Honorable John Vincent
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Norman and Representative Vincent:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return Senate Bill No. 268, "AN ACT REVISING THE CRITERIA FOR DETENTION OF YOUTHS; PROVIDING THAT A DETAINED YOUTH MUST HAVE ALLEGEDLY COMMITTED AN ACT WHICH IF COMMITTED BY AN ADULT WOULD CONSTITUTE A CRIME; AMENDING SECTION 41-5-305, MCA," without my signature and recommend the attached amendment for the following reasons.

Senate Bill No. 268 provides that a youth taken into custody may be detained if he allegedly committed an act which, if he were an adult, would be one of the criminal offenses listed in section 1 of the bill.

One of the criminal offenses listed in section 1 is "aggravated assault as defined in 45-5-202." This creates a problem because Senate Bill No. 132, already passed and approved, has divided the crime of aggravated assault into "aggravated assault" and "felony assault." Included in felony assault are assault with a weapon and assault on a peace officer.

Clearly, the Legislature, in adopting Senate Bill No. 268, intended to include assault with a weapon and assault on a peace officer in the list of crimes for which a youth may be detained. My amendment implements that intent by providing that a youth may be detained if he is alleged to have committed an act that, if he were an adult, would constitute felony assault.

I urge your concurrence in this amendment.

Statement of Intent
HB 240

A statement of intent is required for this bill because section 10 of the bill requires the department of revenue to adopt rules describing which types of property within the several property classes are comparable property. The legislature intends that the term "comparable property" will be limited to comparisons of residential property with residential property, commercial property with commercial property, and so forth.

It is also the intent of the legislature that the department adopt rules establishing a method for conducting sales assessment ratio studies as required in the bill. The method provided in the rules should be statistically valid and conducted in a consistent, predictable manner, and only to the extent that the minimum requirements of federal legislation are met. The requirements to be met by the department, both under the provisions of this bill and under federal legislation, shall be met by using realty transfer certificates and other available data to the greatest extent possible.

Statement of intent passed as follows:

Ayes: Abrams, Addy, Asay, Bachini, Bergene, Bradley, Brandewie, D. Brown, J. (2) Timberland is contiguous land exceeding 15 acres in one ownership that is capable of producing timber that can be harvested in commercial quantity.

(3) Class thirteen property is taxed at the percentage rate "P" of the combined appraised value of the standing timber and grazing productivity of the property.

(4) For taxable years beginning January 1, 1986, and thereafter, the taxable percentage rate "P" applicable to class thirteen property is $30\%/B$, where B is the certified statewide percentage increase to be determined by the department of revenue as provided in subsection (5). The taxable percentage rate "P" shall be rounded downward to the nearest 0.01% and shall be calculated by the department before July 1, 1986.

(5) (a) Prior to July 1, 1986, the department shall determine the certified statewide percentage increase for class thirteen property using the formula $B = X/Y$, where:

(i) X is the appraised value, as of January 1, 1986, of all property in the state, excluding use changes occurring during the preceding year, classified under class thirteen as class thirteen is described in this section; and

(ii) Y is the appraised value, as of January 1, 1985, of all property in the state that, as of January 1, 1986, would be classified under class thirteen as class thirteen is described in this section.

(b) B shall be rounded downward to the nearest 0.0001%.

(6) After July 1, 1986, no adjustment may be made by the department to the taxable percentage rate "P" until a valuation has been made as provided in 15-7-111."

Section 4. Section 15-7-202, MCA, is amended to read:

"15-7-202. Eligibility of land for valuation as agricultural. (1) Land which is actively devoted to agricultural use shall be eligible for valuation, assessment, and taxation as herein provided each year it meets any of the following qualifications:

(a) the area of such land is not less than 5 contiguous acres when measured in accordance with provisions of 15-7-206, and it has been actively devoted to agriculture during the last growing season, and it continues to be actively devoted to agricultural use, which means:

(i) it is used to produce field crops including but not limited to grains, feed crops, fruits, vegetables; or

(ii) it is used for grazing; or

~~(iii)~~ it is used for growing timber, or

~~(iv)~~(iii) it is in a cropland retirement program; or

(b) it agriculturally produces for sale or home consumption the equivalent of 15% or more of the owners' annual gross income regardless of the number of contiguous acres in the ownership; or

(c) it is used to raise animals in confined areas for the production of food or fiber, including but not limited to livestock, feedlots, dairies, fish hatcheries, and poultry farms.

(2) Land shall not be classified or valued as agricultural if it is subdivided with stated restrictions prohibiting its use for agricultural purposes.

(3) The grazing on land by a horse or other animals kept as a hobby and not as a part of a bona fide agricultural enterprise shall not be considered a bona fide agricultural operation.

(4) For the purposes of this part, growing timber is not an agricultural use."

Section 5. Section 15-7-307, MCA, is amended to read:

"15-7-307. Certificate — exceptions. The certificate imposed by this part shall not apply to:

Section 6. Section 15-8-111, MCA, is amended to read:

"15-8-111. Assessment — market value standard — exceptions. (1) All taxable property must be assessed at 100% of its market value except as provided in subsection (5) of this section and in 15-7-111 through 15-7-114.

(2) (a) Market value is the value at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or to sell and both having reasonable knowledge of relevant facts.

(b) The market value of all motor trucks; agricultural tools, implements, and machinery; and vehicles of all kinds, including but not limited to motorcycles, aircraft, and boats and all watercraft, is the average wholesale value shown in national appraisal guides and manuals or the value of the vehicle before reconditioning and profit margin. The department of revenue shall prepare valuation schedules showing the average wholesale value when no national appraisal guide exists.

(3) The department of revenue or its agents may not adopt a lower or different standard of value from market value in making the official assessment and appraisal of the value of property in 15-6-134 through 15-6-140. For purposes of taxation, assessed value is the same as appraised value.

(4) The taxable value for all property in classes four through eleven is the percentage of market value established for each class of property in 15-6-134 through 15-6-141.

(5) The assessed value of properties in 15-6-131 through 15-6-133 is as follows:

(a) Properties in 15-6-131, under class one, are assessed at 100% of the annual net proceeds after deducting the expenses specified and allowed by 15-23-503.

(b) Properties in 15-6-132 under class two are assessed at 100% of the annual gross proceeds.

(c) Properties in 15-6-133, under class three, are assessed at 100% of the productive capacity of the lands when valued for agricultural purposes. All lands that meet the qualifications of 15-7-202 are valued as agricultural lands for tax purposes.

(d) Properties in [section 2], under class thirteen, are assessed at 100% of the combined appraised value of the standing timber and grazing productivity of the land when valued as timberland.

(6) Land and the improvements thereon are separately assessed when any of the following conditions occur:

(a) ownership of the improvements is different from ownership of the land;

(b) the taxpayer makes a written request; or

(c) the land is outside an incorporated city or town.

(7) The taxable value of all property in 15-6-131 and classes two, and three, and thirteen is the percentage of assessed value established in 15-6-131(2), 15-6-132, and 15-6-133, and [section 2] for each class of property."

NEW SECTION. Section 7. Extension of authority. Any existing authority of the department of revenue to make rules on the subject of the provisions of this act is extended to the provisions of this act.

NEW SECTION. Section 8. Codification instruction. Section 2 is intended to be codified as an integral part of Title 15, chapter 6, part 1, and the provisions of Title 15, apply to section 2.

NEW SECTION. Section 9. Coordination instruction. In the event that House Bill No. 240, including those sections separating agricultural land and timberland, or any other similar bill passes which separates agricultural land and timberland into separate classes, the provisions of this act as they apply to timberland shall be void. In the event that Senate Bill No. 431 passes, the definition of timberland in section 2 must be consistent with the definition embodied in Senate Bill No. 431."

SB 33

It is the intent of the legislature that the department of revenue use the administrative rules for timberland currently in place on the effective date of this act.

Furthermore, it is the intent of the legislature that the changes embodied in Senate Bill No. 33 would ensure that the taxable value of timber, as a class, will not increase in 1986 as a result of being placed in a separate class and having the tax rate calculated as described in Senate Bill No. 33.

Finally, it is the intent of the legislature that the department of revenue may not subsequently change the valuation method for timber until 1991 or the completion of the next reappraisal cycle as required by 15-7-111, MCA."

Free Conference Committee
on House Bill No. 923
Report No. 1, April 19, 1985

Mr. Speaker:

We, your Free Conference Committee on House Bill No. 923 met and considered:

House Bill No. 923.

We recommend as follows:

That House Bill No. 923, reference copy, be amended as follows:

1. Statement of intent.

Strike: lines 7 through 24 in their entirety

Insert: "The legislature intends by this bill to establish a basis for beginning to provide for the needs of the people of the state to be able to meet with and appear before the legislature in adequate committee rooms and ancillary facilities. To accomplish this goal, some functions and agencies currently occupying the capitol will be required to move to other quarters and some space will need to be renovated. By this bill and statement of intent, the legislature

intends to provide sufficient guidance to the department of administration in executing its responsibilities for space management and renovation activities to enable an aggressive, well-planned, and flexible approach to the solution of the space problems in the capitol. The legislature expects tangible progress to be shown prior to the convening date of the 50th legislature, but recognizes that it will not be possible to see the entire renovation project completed by that time.

Section 1 of the bill provides a list of agencies and functions that must be provided with adequate space in the capitol. This list does not preclude agencies or functions not listed from continuing tenancy in the capitol should sufficient space be available after the required space for the listed tenants has been provided. In allocating space to tenants not listed in section 1, the department of administration should give priority to those agencies and functions that provide direct services to the legislature during legislative sessions. The department should also consider the desirability of maintaining agencies in unified quarters.

Section 1 requires that the two largest committee rooms be allocated one to each house. Under the configuration of the capitol during the 49th legislature, which is assumed to be similar in this respect during the 50th legislature, the two rooms involved are room 325, which was the former supreme court chamber, and room 312 II, which was the central portion of the former law library. It is intended further that legislative leadership will provide for an adequate and equitable allocation of designated committee rooms for the use of each house of the legislature. Such allocation shall include allocation to joint subcommittees of appropriations and finance and claims. During the transition session that the 50th legislature will represent, cooperation and consideration for the smooth operation of the legislature as a whole will be a paramount necessity in allocation of legislative space. In coordination with other existing statutes, this bill leaves the capitol building and planning committee in an advisory role to the department of administration, which has been the committee's traditional role. The legislature intends that the department of administration consult with the committee to determine what construction activities utilizing the capitol renovation appropriation funds are advisable. The legislature anticipates the likelihood that the following sorts of projects may be undertaken during the interim:

- (1) room remodeling as required to fulfill the purposes of this act;
- (2) completion of exterior restoration work, including additional work discovered to be needed during the execution of the phase I project;
- (3) building insulation;
- (4) window replacement/repair to achieve thermal efficiency with historic sensitivity; and
- (5) related projects.

It is not intended that any major renovation or restoration project involving major architectural, mechanical, or electrical work be undertaken at this time.

It is intended by the legislature that any work that is done on the capitol give consideration to maintaining and enhancing the historical fabric of the building both with regard to architectural and historical use of the building. Spaces required to be renovated to

accomplish the purposes of this act shall be remodeled with sensitivity to the historical fabric of the space involved.”

2. Title, lines 4 through 12.

Following: “TO” on line 4

Strike: remainder of line 4 through “2-17-103” on line 12

Insert: “PROVIDE FOR MATTERS RELATING TO THE OCCUPANCY AND RENOVATION OF THE CAPITOL; ASSURING ADEQUATE SPACE FOR LEGISLATIVE PURPOSES IN THE CAPITOL; AMENDING SECTIONS 2-15-221 AND 2-17-109, MCA; REPEALING SECTIONS 2-17-103 AND 2-17-110”

3. Page 1, line 15 through line 23, page 11.

Strike: everything following the enacting clause

Insert: “NEW SECTION. Section 1. Long-term plan for occupancy of the capitol. (1) It is the intent of the legislature that adequate space be provided in the capitol for the following agencies and functions:

- (a) the legislature;
- (b) the office of the governor;
- (c) the office of budget and program planning;
- (d) the office of the legislative council;
- (e) the office of the legislative fiscal analyst;
- (f) a print shop to serve the legislature;
- (g) post office; and
- (h) building custodial and support services.

(2) Space provided for the legislature must include the following, in addition to the chambers designated for each house to sit:

- (a) not less than 17 committee rooms of which no committee room may be less than 400 square feet;
- (b) individual office space for 14 legislative leaders;
- (c) offices in reasonable proximity to committee rooms for 34 committee chairmen and secretaries;
- (d) space for house and senate staff functions, including offices for the chief clerk of the house and the secretary of the senate and their respective staffs, the sergeant-at-arms of the two houses and their staffs, and the stenographic pool personnel of each house; and
- (e) shared conference/office space for members of the legislature exclusive of those in leadership or chairmanship positions.

(3) Legislative leadership shall allocate legislative space to be used for the functions listed in subsection (2). Space to be used for conference/office purposes as provided in subsection (2)(e) shall be divided on a proportionate basis to be determined by the number of house of representatives members and the number of senate members.

(4) Each house of the legislature shall have allocated for its use one of the two largest committee hearing rooms in the capitol, which shall be approximately equal in size and quality.

NEW SECTION. Section 2. Capitol long-term occupancy implementation schedule — 1987 biennium. (1) The goal of the legislature is to accomplish that portion of the long-term plan for occupancy of the capitol provided in [section 1] as may be feasible during the 1987 biennium. To that end, the department of administration shall:

(a) provide for alternate quarters and remove from the capitol agencies and functions not listed in [section 1] as may be required to provide adequate space for those agencies and functions remaining in the capitol; and

(b) plan, let to contract, and begin to construct facilities designed to implement the long-term occupancy plan for the capitol.

MESSAGES FROM THE GOVERNOR

The Honorable John Vincent
Speaker of the House
State Capitol
Helena, Montana 59620

April 22, 1985

Dear Mr. Speaker:

Please be informed that I have signed House bills 551, 558, 574, 631, 643, 706, 750, 768, 774, 788, 817, 859, 894, 896, and 911 on this date.

Sincerely,

Ted Schwinden
Governor

The Honorable William J. Norman
President of the Senate
State Capitol
Helena, Montana 59620

April 20, 1985

The Honorable John Vincent

Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Norman and Representative Vincent:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return Senate Bill No. 25, "AN ACT REQUIRING THE STATE TO ASSUME FUNDING FOR CERTAIN DISTRICT COURT EXPENSES AND REQUIRING THE LEGISLATURE TO PROVIDE FULL FUNDING FOR THE DISTRICT COURT GRANT PROGRAM; AMENDING SECTIONS 3-5-602, 3-5-604, 7-6-2352, 7-6-2426, 7-6-2427, 46-8-114, 46-8-201, 46-8-202, 46-11-319, 46-14-202, 47-14-221, 46-15-104, AND 46-18-235, MCA; AND PROVIDING AN EFFECTIVE DATE," without my signature and recommend the attached amendments for the following reason.

Although Senate Bill No. 25 requires the state to fund certain district court criminal expenses and grants, the mechanism to fund Senate Bill No. 25 is contained in Senate Bill No. 142. The latter bill has not been passed.

To avoid the possibility that the state assumes the funding obligation without a funding mechanism, both bills contain coordination instructions providing that the failure to pass and approve one bill voids the other. Unfortunately, these instructions do not adequately resolve the problem that would be created should Senate Bill No. 142 be passed and approved with insufficient funding. In that situation the state would have the obligation to fund the district courts and the grant program but insufficient money to meet those obligations.

If I were to sign Senate Bill No. 25 in its present form, the only options available to the Legislature to avoid this problem would be to pass Senate Bill No. 142 with full funding or to kill it. My proposed amendments give the Legislature a third option — that of partial funding. They provide that the state has an obligation to provide funding only to the extent of appropriations.

The Honorable John Vincent
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Norman and Representative Vincent:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return House Bill No. 739, "AN ACT TRANSFERRING THE ADMINISTRATION OF THE BOARD OF WATER WELL CONTRACTORS FROM THE DEPARTMENT OF COMMERCE TO THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION; REDEFINING "WATER WELL CONTRACTOR" AND PROVIDING A DEFINITION OF "WATER WELL DRILLER"; PRESCRIBING ADDITIONAL DUTIES AND POWERS OF THE BOARD; REQUIRING THE ADOPTION OF WATER WELL CONSTRUCTION STANDARDS; REQUIRING A LICENSE FOR WATER WELL DRILLERS; ~~INCREASING BOND REQUIREMENTS~~; PROVIDING AN APPROPRIATION; AMENDING SECTIONS 37-43-102, 37-43-202, AND 37-43-302 THROUGH 37-43-306, MCA; REPEALING SECTION 37-43-103, MCA; AND PROVIDING AN EFFECTIVE DATE," without my signature and recommend the attached amendment for the following reasons.

Title 37, Chapter 43, MCA, provides for the licensing of water well contractors and drillers. Section 37-43-103 provides that Chapter 43 does not apply to the drilling of a well by a person who drills the well at his residence or his farming or ranching operations, if the person obtains a permit from the Board of Water Well Contractors. Section 37-43-103 further provides standards to guide the board in issuing a permit. The Board must issue a permit if it finds that the applicant will drill the well on land he uses for domestic or agricultural purposes.

House Bill No. 739 repeals 37-43-103. Section 4(2) of the bill does, however, continue these domestic and agricultural exemptions from the well driller licensing requirement, if the applicant obtains a permit from the Board. Unfortunately, section 4(2), unlike 37-43-103, does not provide standards for the guidance of the Board in determining when a permit should be issued or denied. The granting of this unrestricted discretion to an administrative agency raises a serious question of whether the bill unlawfully delegates legislative authority to an executive agency.

My proposed amendment cures this possible defect by providing that the Board shall issue a permit for every well that it finds will be drilled on land that the applicant owns or leases and that he uses for farming, ranching, or agricultural purposes or as his residence.

I urge your concurrence in this amendment.

Governor's Proposed Amendment
to HB 739

1. Page 6, line 23.

Following: line 22

Insert: "(3) (a) To obtain a permit under subsection (2)(a), a person shall file with the department an application containing the applicant's name, mailing address, the location of the proposed well, the nature of the applicant's ownership interest in the property on which the well is to be drilled, and the use for the proposed well.

(b) The board shall promptly issue a permit if it finds that the applicant intends to drill the well on land that he owns or leases and that he uses for farming, ranching, or agricultural purposes or as his residence."

Sincerely,

Ted Schwinden
Governor

MESSAGES FROM THE GOVERNOR

The Honorable John Vincent
Speaker of the House
State Capitol
Helena, Montana 59620

April 23, 1985

Dear Mr. Speaker:

Please be informed that I have signed House bills 460, 529, 563, 579, 596, 646, 700, 716, 724, and 820 on this date.

Sincerely,

Ted Schwinden
Governor

The Honorable William J. Norman
President of the Senate
State Capitol
Helena, Montana 59620

April 23, 1985

The Honorable John Vincent
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Norman and Representative Vincent:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return Senate Bill No. 289, "AN ACT TO PROVIDE THAT ANY ADMINISTRATIVE RULE ADOPTED BY A STATE AGENCY THE BOARD OF PUBLIC EDUCATION THAT IMPOSES NEW DUTIES A SUBSTANTIAL FINANCIAL IMPACT ON A SCHOOL DISTRICT IS NOT EFFECTIVE UNTIL THE LEGISLATURE PROVIDES A SPECIFIC MEANS OF FINANCING THE NEW DUTIES; AMENDING SECTION 1-2-113, MCA RULE," without my signature and recommend the attached amendments for the following reasons.

As passed, Senate Bill No. 289 provides that any administrative rule adopted by the Board of Public Education that imposes a substantial financial impact on a school district is not effective until the next Legislature funds the implementation of the rule. The bill further provides that the board shall “declare” the rule “advisory” if the implementation is not funded by the Legislature. Senate Bill No. 289 also incorrectly interchanges the use of the “Board of Education” with the “Board of Public Education.”

The amendments I am proposing require that the financial impact of the proposed rules be determined prior to subjecting them to the Montana Administrative Procedures Act (MAPA). This pre-rulemaking determination will result in substantial cost and time savings to the Board of Public Education and ultimately, the taxpayers. If the Board determines that the financial impact of the proposed rule is substantial, it will not waste time and money sending the rules through the rulemaking process with the possible result of being declared advisory later in time.

Because MAPA does not provide for an “advisory” rule or the “declaration” of such a rule, the amendments I am proposing will conform the contemplated procedures to the requirements of MAPA. Finally, a proposed amendment also deletes the reference to the Board of Education since the intent of the bill is for the Board of Public Education, and not the Board of Education, to develop the rules, determine their financial impact, and finally, to adopt the rules.

I urge your concurrence in these amendments.

The Honorable William J. Norman
President of the Senate
State Capitol
Helena, Montana 59620

April 23, 1985

The Honorable John Vincent
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Norman and Representative Vincent:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return Senate Bill No. 400, "AN ACT LIMITING THE TAX INCENTIVE FOR THE PRODUCTION OF ALCOHOL BY REQUIRING THAT MONTANA-PRODUCED ALCOHOL BE BLENDED WITH GASOLINE TO PRODUCE GASOL; EXTENDING THE ALCOHOL TAX INCENTIVE TO MONTANA-PRODUCED ALCOHOL EXPORTED AND BLENDED WITH GASOLINE; DEFINING THE TERM "EXPORT"; LIMITING AND APPORTIONING THE TOTAL POTENTIAL EXPENDITURE FOR ALCOHOL PRODUCTION TAX INCENTIVE PAYMENTS; AMENDING SECTIONS 15-70-201, 15-70-503, 15-70-522, AND 15-70-523, MCA; AND PROVIDING EFFECTIVE DATES," without my signature and recommend the attached amendments for the following reasons.

Currently, Montana law grants a tax incentive to a distributor who produces alcohol in Montana from Montana agricultural products to be blended with gasoline to form gasohol. Unfortunately, the term "agriculture" is not defined in the gasohol statute. Where used in other contexts, the term is not always interpreted to include the growing and harvesting of timber. For this reason, the gasohol law does not clearly indicate whether the tax incentive is available to a distributor who distills alcohol from Montana wood or wood products.

Both grain and timber are renewable resources. Both industries make great contributions to Montana's economy. Both should qualify for the gasohol tax incentive.

My amendments clarify that the gasohol tax incentive applies to a Montana distributor who distills alcohol from Montana wood or wood products for mixing with gasoline.

I urge your concurrence in these amendments.

MESSAGES FROM THE GOVERNOR

The Honorable John Vincent
Speaker of the House

April 24, 1985

State Capitol
Helena, Montana 59620

Dear Mr. Speaker:

Please be informed that I have signed House bills 203, 279, 582, 652, 770, 779, 807, and 844 on this date.

Sincerely,

Ted Schwinden
Governor

The Honorable William J. Norman
President of the Senate
State Capitol
Helena, Montana 59620

April 24, 1985

The Honorable John Vincent
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Norman and Representative Vincent:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return House Bill No. 766, "AN ACT AUTHORIZING THE DEPARTMENT OF HEALTH AND ENVIRONMENTAL SCIENCES TO TAKE REMEDIAL ACTION TO PREVENT OR ALLEVIATE RELEASE OF HAZARDOUS OR DELETERIOUS SUBSTANCES INTO THE ENVIRONMENT; ESTABLISHING A SPECIAL FUND FOR REMEDIAL ACTION; PROVIDING FOR FUNDING AND APPROPRIATION OF THE SPECIAL FUND; AND PROVIDING EFFECTIVE DATES," without my signature and recommend the attached amendments for the following reasons.

As passed, House Bill No. 766 states that monies for the newly established environmental quality protection fund within the Department of Health and Environmental Sciences can come from a number of sources. House Bill No. 766 contains no reference to House Bill No. 922.

House Bill No. 922, which is pending in the Legislature, authorizes RIT interest monies to be used for designated projects. As amended, House Bill No. 922 authorizes the creation of an environmental contingency account which provides monies for the environmental quality protection fund established in House Bill 766. The amendments I am proposing coordinate House Bill No. 766 with House Bill No. 922.

Finally, a proposed amendment also clarifies the definition of a hazardous and deleterious substance. As currently written, House Bill No. 766 references an EPA list of hazardous or deleterious substances that will not be effective until July 3 of 1985. To avoid problems with the effective date of House Bill No. 766, I am proposing that the list referenced in House Bill No. 766 be the list as now proposed in the Federal Register.

I urge your concurrence in these amendments.

Sincerely,

Ted Schwinden
Governor

The Honorable William J. Norman
President of the Senate
State Capitol
Helena, Montana 59620

April 24, 1985

The Honorable John Vincent
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Norman and Representative Vincent:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return House Bill No. 812, "AN ACT CREATING A MONTANA SCIENCE AND TECHNOLOGY DEVELOPMENT BOARD TO FOSTER ECONOMIC GROWTH; APPROPRIATING MONEY TO THE BOARD FROM THE ALTERNATIVE ENERGY AND ENERGY CONSERVATION RESEARCH DEVELOPMENT AND DEMONSTRATION ACCOUNT; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE,"

without my signature and recommend the attached amendments for the following reasons.

House Bill No. 812 creates the Montana Science and Technology Board and grants it authority to make investments in the following categories: research capability development, applied technology research, technology assistance and transfer, and various seed capital awards. Section 8(2) contains an amendment that was intended to require matching funds for all categories except technology assistance and transfer. Unfortunately, the amendment uses the term “basic research” instead of “applied technological research.” My first amendment changes the language of section 8(2) to be consistent with section 6(3).

Section 8 of House Bill No. 812 gives the Board authority to accept and expend grants, donations, and other private or public income. Section 9(2) also authorizes the Board to expend all income appropriated to its use. These are continuing statutory appropriations.

House Bill No. 12, introduced this session, defines and establishes the requirements for valid continuing statutory appropriations. As currently written, sections 8 and 9(2) of House Bill No. 812 do not meet those requirements. My fourth, fifth, and sixth proposed amendments coordinate House Bill No. 812 with the requirements of House Bill No. 12.

Section 13 of House Bill No. 812 appropriates one million dollars per year for the coming biennium. It is unlikely that the Montana Science and Technology Board, a new board to be organized after this bill becomes effective, will be able to divide its investments and expenditures evenly between two years of the upcoming biennium. The Board should be given flexibility to use the appropriated funds when needed during the biennium. My second and third proposed amendments make that change in section 13.

Finally, section 6(b) of House Bill No. 812 gives the Board rulemaking authority. The Legislature’s Joint Rules and 5-4-404 require that a statement of intent accompany every bill that grants rulemaking authority. House Bill No. 812 contains no statement of intent. To cure this defect, I have enclosed a proposed statement of intent.

I urge your concurrence in these amendments and the statement of intent.

Governor's Proposed Statement of Intent
to HB 812

A statement of intent is required for this bill because it directs the Montana Science and Technology Development Board to adopt administrative rules to implement and administer its various technology investment programs.

The breadth and complexity of these programs necessitates that the board have broad latitude in developing criteria, requirements, and procedures for carrying out this mandate. The Legislature contemplates, however, that the board rules would, among other things:

- (1) establish procedures for the conduct of board business;
- (2) provide for technology investments that will:
 - (a) stimulate applied research and product development in the public and private sectors;
 - (b) strengthen the research and development capabilities of Montana's colleges and universities and other nonprofit research organizations;
 - (c) transfer new technology and provide technical assistance to business and industry;
 - (d) furnish "seed" funds which provide leverage for the investment of private capital investments in new technology;
 - (e) protect the confidentiality of trade secrets and business and financial information relating to applicants for technology investments;
- (3) establish eligibility and selection criteria for technology investments; and
- (4) establish matching funding requirements for various types of investments.

Sincerely,

Ted Schwinden
Governor

The Honorable William J. Norman
President of the Senate
State Capitol
Helena, Montana 59620

April 24, 1985

The Honorable John Vincent

Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Norman and Representative Vincent:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return Senate Bill No. 250, "AN ACT CREATING A REAL ESTATE RECOVERY ACCOUNT FOR PAYMENT OF UNSATISFIED JUDGMENTS AGAINST REAL ESTATE SALESMEN AND BROKERS; PROVIDING FOR THE MAKING, ADJUDICATION, AND PAYMENT OF CLAIMS AGAINST THE ACCOUNT; PROVIDING FOR SUBROGATION OF RIGHTS OF THE BOARD OF REALTY REGULATION TO JUDGMENTS PAID FROM THE ACCOUNT; COORDINATING DISCIPLINARY PROVISIONS WITH OTHER POWERS OF THE BOARD; AMENDING SECTION 37-51-304, MCA; AND PROVIDING AN EFFECTIVE DATE," without my signature and recommend the attached amendments for the following reasons.

The Senate Committee of the Whole made substantial amendments to Senate Bill No. 250. Unfortunately, several of those amendments created inconsistencies and mechanical problems in the bill.

By letter of April 19, 1985, Senator Joe Mazurek, chief sponsor of Senate Bill No. 250, has requested that I return the bill with six proposed amendments to resolve these problems. I am returning the bill with Senator Mazurek's amendments.

The first five amendments merely resolve inconsistencies or mechanical problems in the bill. The sixth amendment makes a more substantial change. As presently written, Senate Bill No. 250 limits to \$25,000 the amount that may be paid from the real estate recovery account for all judgments against any one licensee. The sixth amendment would allow additional payments after the licensee has reimbursed the account for expenditures made on his behalf.

I urge your concurrence in these amendments.

The Honorable John Vincent
Speaker of the House
State Capitol
Helena, Montana 59620

Dear Senator Norman and Representative Vincent:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return House Bill No. 236, "~~AN ACT DEFINING "CARD GAME" TO INCLUDE A GAME PLAYED ON A MECHANICAL ELECTRONIC VIDEO GAME MACHINE; AMENDING SECTION 23-5-302, MCA. PROVIDING FOR LICENSING AND PLACEMENT OF ELECTRONIC VIDEO DRAW POKER MACHINES; PROVIDING FOR DISTRIBUTION OF REVENUE; PROVIDING A PENALTY PROVISION; AND PROVIDING EFFECTIVE DATES AND A TERMINATION DATE,~~" without my signature and recommend the attached amendments for the following reasons.

As passed, House Bill No. 236 requires the Department of Revenue to forward $\frac{2}{3}$ of the \$1,500 annual license fee for each machine to the treasurer of the county or the clerk, finance officer, or treasurer of the city or town in which the licensed machine is located for deposit into the county or municipal treasury.

House Bill No. 12, now pending in the Legislature, defines and establishes the requisites for a valid continuing statutory appropriation. Section 10 of House Bill No. 236 does not contain the language required by House Bill No. 12 to establish a valid continuing statutory appropriation. Without the required language, the department is not authorized to forward the required portion of the fee to the proper local government treasury official.

The amendment I am proposing coordinates House Bill No. 236 with the requirements of House Bill No. 12 thereby establishing a statutory appropriation as required by House Bill No. 12.

The other amendments I am proposing allow the department to retain 5% of the total license fee collected in fiscal years 1986 and 1987, rather than retaining up to 8% of the one-third portion deposited in the state general fund, and to expend those monies for purposes of administering the act.

I urge your concurrence in these amendments.

The Honorable John Vincent
Speaker of the House
State Capitol

Helena, Montana 59620

Dear Senator Norman and Representative Vincent:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return House Bill No. 636, "AN ACT TO REDUCE THE TAX RATE ON PETROLEUM PRODUCED BY TERTIARY RECOVERY METHODS FROM 5 PERCENT TO 2.5 PERCENT; ALLOWING REQUIRING AMORTIZATION OVER 10 YEARS OF THE DEDUCTION FOR THE COSTS OF CARBON DIOXIDE NECESSARY CHEMICAL SUPPLIES USED IN APPROVED TERTIARY RECOVERY PROJECTS; AMENDING SECTIONS 15-23-603 AND 15-36-101, MCA; AND PROVIDING AN EFFECTIVE DATE," without my signature and recommend the attached amendment for the following reasons.

House Bill No. 636 amends section 15-36-101, MCA, to reduce the severance tax on petroleum produced from certain approved tertiary recovery projects. As introduced, section 1 of the bill gave the Board of Oil and Gas Conservation the responsibility of approving tertiary projects for purposes of tax reduction. Section 1 was amended and now places that responsibility in the Department of Revenue. Unfortunately, section 2(3) of the bill, which refers to the approval function, was not changed to reflect the amendment to section 1. My proposed amendment cures this defect by changing that reference.

I urge your concurrence in this amendment.

Mr. Speaker:

We, your Free Conference Committee on House Bill No. 928 met and considered:

(1) a purchase price of not more than \$300,000 is negotiated for ranch buildings, not less than 40 acres, and creek frontage;

(2) private donations of \$150,000 have been pledged toward the purchase price or maintenance trust;

(3) all matters relating to federal Superfund designation have been resolved and the purchase would not involve any state Superfund liability;

(4) in September 1986, the Office of Budget and Program Planning has estimated that revenues are available in the 1987 biennium in

the coal tax park acquisition account in excess of the amounts appropriated in House Bill Nos. 500 and 928;

(5) an appraisal of the property under negotiation is completed by an appraiser acceptable to the Department of Fish, Wildlife, and Parks and the owner, with the cost to be paid by the owner; and

(6) the purchase agreement provides that the option will be refunded if the 50th Legislature does not appropriate the remainder of the negotiated purchase price. The authority of the Department of Fish, Wildlife, and Parks to negotiate and enter a purchase agreement for the Kleffner Ranch does not constitute approval of the Kleffner Ranch as approval is contemplated in House Bill No. 500, and does not void the appropriation for operation and maintenance of state parks contained in item 6b of House Bill No. 500."

Speaker Vincent made the following remarks:

Closing Remarks
by Speaker Vincent

I want to thank each of you for your generous support over the last four months. We have worked hard together and we have shared a unique experience of historical significance. I would be remiss if I did not make a point

of the fact that this session in the House changed the fabric of our institution.

For this equally divided House demanded that we carefully examine our process and work together to make the system work. We have accomplished that difficult task where many other divided houses have not. You are all to be commended for making it possible.

It has been my goal as Speaker—first and foremost—to make this House run and work for each of you. I hope that you will think of me as one who cared deeply about the House and its members and as one who tried to understand that beyond all individual issues of public policy there is an essential need to work to protect and strengthen the institution in which we work to serve the people of Montana.

Serving as Speaker has been the greatest honor of my life. I thank all of you for your help, understanding, and support.

He received a standing ovation from the assembly.

Representative Harper moved that the House adjourn sine die.

Motion carried.

House adjourned at 11:34 p.m.
